DETERMINATION MAKES CHAMPS

Determination was the key to success for this season's football team. Hard work and countless hours of practice during the summer and fall months and the popular "conditioning mile" helped Nazareth tie with Saucon Valley for the Colonial League Championship title.

Teamwork was another factor to the winning season. All the players and the coaches believed that the team was very close and worked well together. The team developed a winning attitude and that was all that was needed for their success.

Inexperience was a problem. Starting the season with only two offensive and four defensive players from last year's team, the boys knew they had a huge job ahead, but, as Robbie Albert put it, "we had too much talent to lose."

Success is the word to sum up the season. Victories far outweighed the losses, and all the hard work was well worth the effort for the champions.

Our ingenious cheerleaders spend hours and hours planning and constructing a new hoop for every game. Everything is now ready to "Let the game begin."

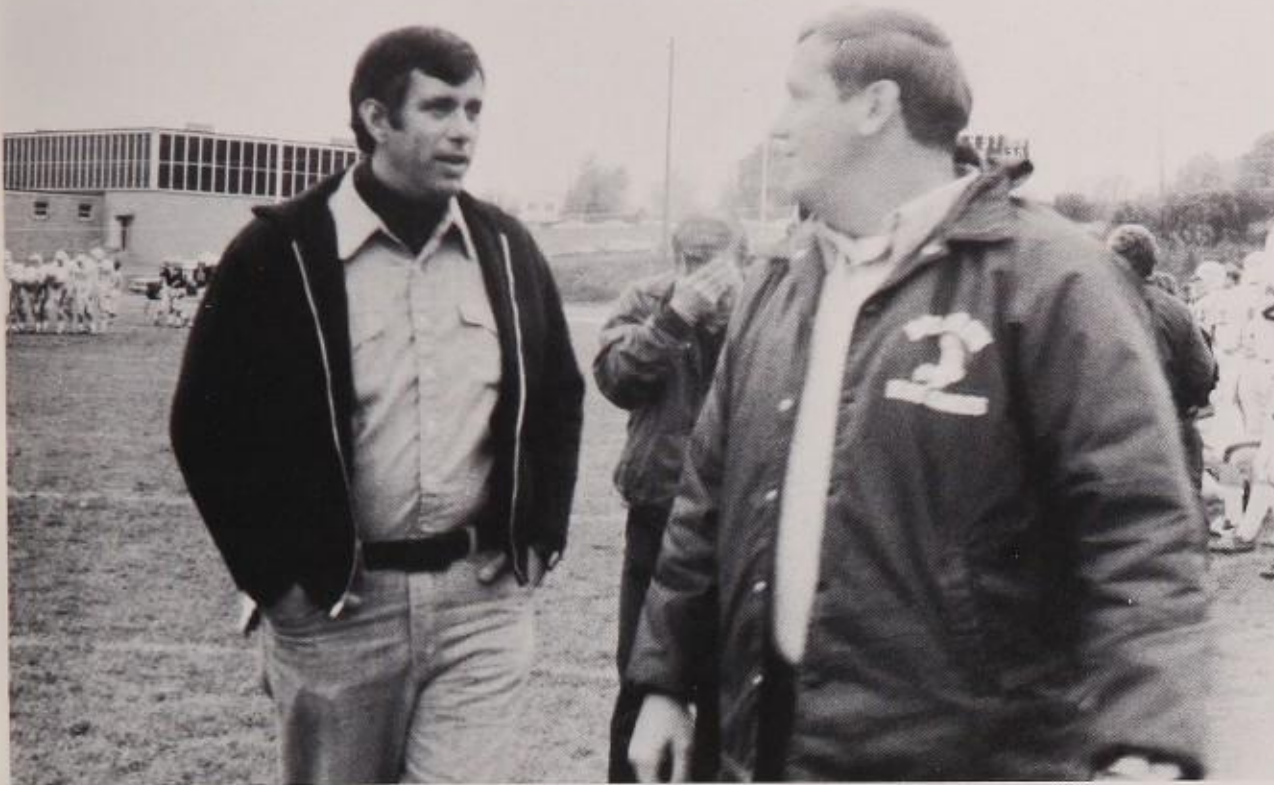

DEPTH KEY TO SUCCESS

Depth is one of the main reasons for a winning team. When Chris Szutar and Frank Starner were injured for some time, their replacements did a fine job for our team.

Robbie Albert set a school record for the most number of touchdown passes in a career, throwing 22, which beat the old record of 19. Mark Buskirk also had an outstanding season as he was involved in 89 tackles for a career total of 142.

Head Coach Jerry Treon remembers that one thing he will always recall about his first season as head coach was "seeing the inexperienced team we started with develop into the fine football team they became during the second half of the season."

1978 JUNIOR VARSITY FOOTBALL TEAM- **FRONT ROW:** Frank Unger, Craig Deutsch, David Hartmanft, Richard Woodward, David Miklas, Timothy Doto. **ROW TWO:** Robert Kelchner, David Werkheiser, Richard Getz, Harold Fatzinger, Mark Sell, John Fritchman, Scott Seip, Ryan Buskirk, Todd Douglas. **BACK ROW:** Coach Charles Voda, Richard Sauerzopf, Alan Schaffer, William Crane, Jeff Berger, Jeff McFall, Gerald Deutsch, Danny Smultz, John Frey.

golf and tennis

SEASON IS REWARDING

Although the 1978 Golf Team had determination and worked very hard, the lack of experience took its toll.

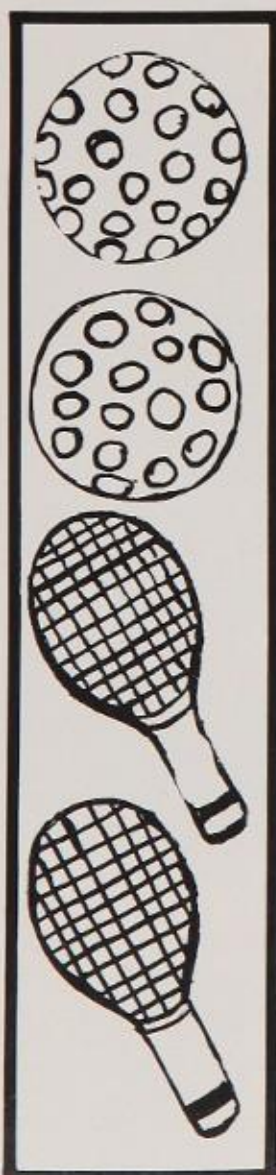

Since a majority of the team were underclassmen, the lack of confidence showed on the golf course. Sidney Spencer was the lone returning letterman and Peter Frey the only other senior on the team.

Despite the losing record, the boys never gave up. Their determination, along with Coach Don Frederick to back them up gave the team a positive outlook for every new match.

Members of the team all agree that the season may not have been a winning one, but that it was profitable and rewarding to everyone.

Senior Peter Frey and returning letterman Sidney Spencer practice their swing before the last game of the season.

1978 GOLF TEAM- **FRONT ROW:** Lewis Skrapits, Dominic Condomitti, Douglas Keck, Andy Plank, Mike Murante. **BACK ROW:** Peter Frey, Brad Zipprodt, Sidney Spencer, Mark Newell, Les Buck, Coach Donald Frederick, Kurt Barlieb. Missing from the picture is Keith Miltenberger.

POTENTIAL FALLS SHORT

Although this year's team had all kinds of potential, they were able to chalk only half the meets in the winning column. They were dedicated and aggressive, and were disappointed with the results of their season.

As both an individual and a team sport, tennis gives each girl a chance to do her part. Coach Debbie Gibbs gave the team all her support and instilled in them a desire to win.

Inexperience hindered the team, but benefit is always derived from every effort and the foundation has been laid toward building a strong team for the next few years.

Everyone gave their very best, and that is as much as we can ask of any team.

GIRLS' TENNIS TEAM CO-CAPTAINS Jamie Roth and Patti McFall.

SELF ENDURANCE PROVES REWARDING

Nazareth's cross country team had a rewarding year, ending with an 11-7 record.

Highlighting the season was the girls' team, who captured the District XI AAA Championship for the second consecutive year. Outstanding records in the District meet were placed by Amy DeRaymond, second; Mary Snyder, third; Jamie Nealon, fifth; Chris Agnew, sixth; Robin Harper, seventh; and Pam Frey, eighth. The girls won a ninth place status at the State meet.

Due to injuries to Andy Hopwood, Jeff Croft, Bob Eschenbach, and Mark Hardy, the boys' team record was not quite so impressive. Outstanding individuals on the team were Joe Johnson, who placed thirteenth in the District meet and fifth in the League meet; Chris Honsel and Dave Koehler also had a noteworthy season. The team did their very best under very trying circumstances.

Warm up session before the long run helps keep the muscles in tone.

1978 DISTRICT CHAMPION GIRLS' CROSS COUNTRY TEAM- **FRONT ROW:** Pam Frey, Mary Snyder, Jamie Nealon. **BACK ROW:** Coach Raymond Nunamaker, Chris Agnew, Robin Harper, Amy DeRaymond. This is the second consecutive year the girls' team has captured the District title.

Avid fans of the girls' team are the members of the boy's cross country team, who were always ready to cheer them on to another victory. Although cross country competition is relatively new to our sports program, it is rapidly gaining in popularity every year.

Chris Agnew goes through some loosening up routines as she awaits the starting gun.

1978 BOYS' CROSS COUNTRY TEAM- **FRONT ROW:** Mark Hardy, John Liming, Jeffrey Croft, Robert Daley, Tim Rohn. **BACK ROW:** Joseph Johnson, Robert Eschenbach, John Honsel, Kevin Nagy, Coach Raymond Nunamaker.

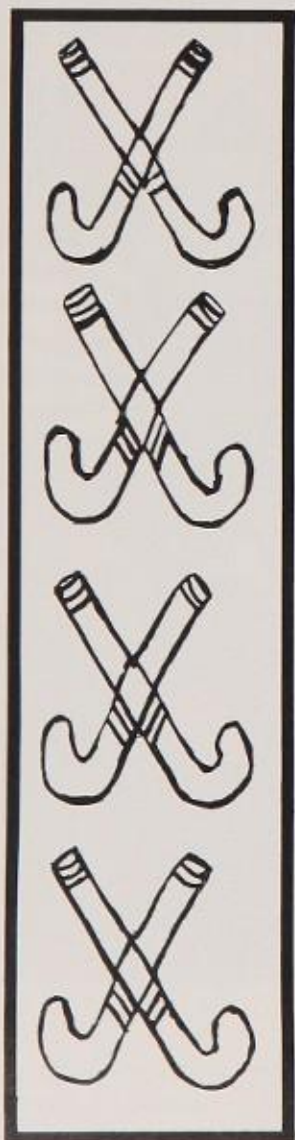

GOOD ATTITUDE IS THEIR GOAL

Improving on a daily basis, the 1978 Field Hockey team ended the season with a 7-9 record.

Robin Harper, Chris Agnew, and Joanna Rampulla returned to the varsity team for the fourth consecutive year. The girls used their experience to show the rest of the team what aggression and determination can do for team spirit.

Many hours of practice and running gave the team great potential, and no one was more disappointed than the team when they fell short of their expected record. The team was extremely close, and everyone encouraged one another to keep going and try harder.

Coach Chassard backed her team all the way, and kept the enthusiasm going at full speed.

Defensive players try to protect their side of the field.

One of our classy co-captains Robin Harper chases the ball and makes a mighty effort to keep it under control.

FIRST-HALF CHAMPIONS

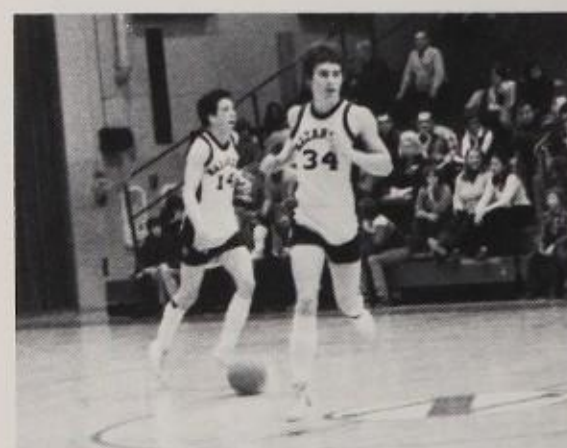

Doesn't it sound great to be able to say that our basketball team became the fifth team in the school's history to win 20 games! Capturing the first-half championship, the team ended the season with a 20-4 record. The 1979 Blue Eagle team had the proud distinction to be the first team to represent Nazareth in the Inter-District Playoff Competition.

Seniors on the team were Jeff Hunt, the team's strong rebounder, Matt Duignam, their floor leader, Ed Godiska, and Bob Eschenbach, who was the team's hustler and also a defensive player. Not to be overlooked were the strong juniors — Jim Shiffert, Jim Roth — who were usually in the starting lineup. Jeff Hunt and Matt Duignam were the co-captains.

Coach Boyer was proud of this year's team, and looks forward to the season next year with the five returning lettermen.

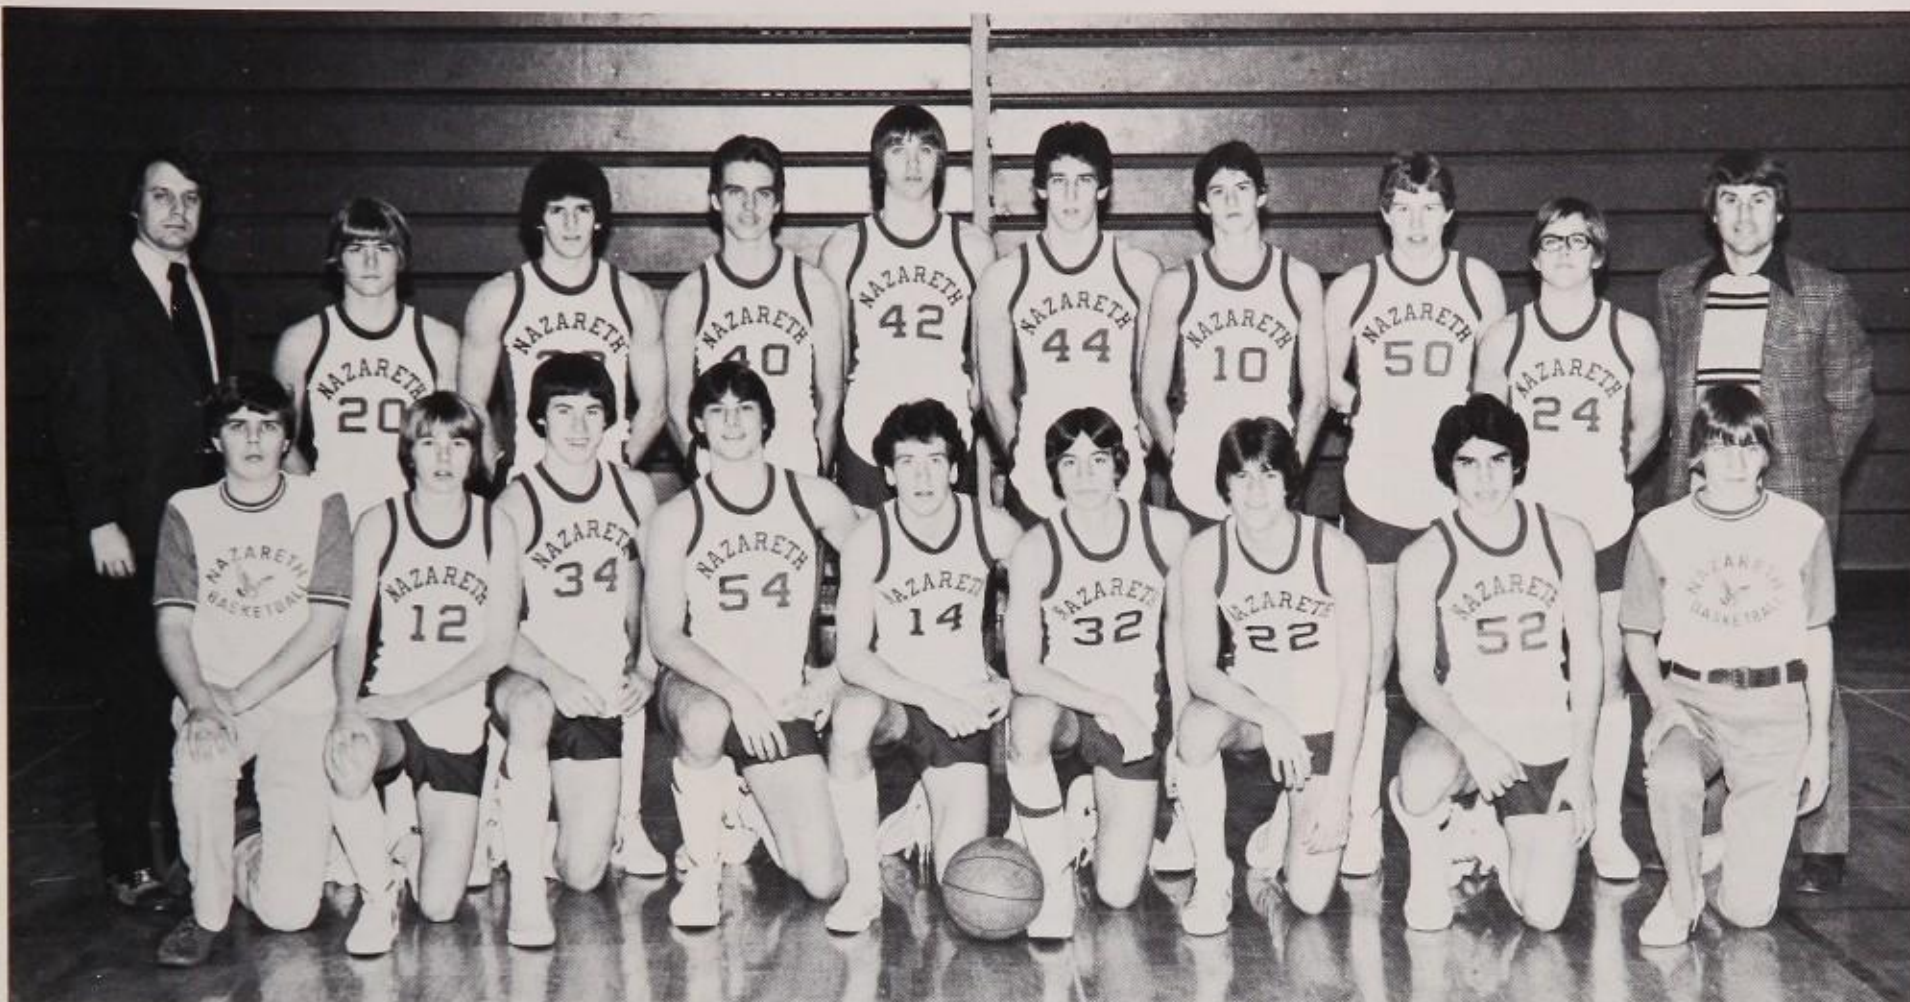

Junior Bobby Sell attempts to recapture the ball.

Coaches Boyer and Drosnock appear to be somewhat dissatisfied with the official's decision.

LOOKING GREAT

Our high school's junior varsity basketball team was extremely outstanding on the court, and they have shown great potential for the nucleus of our 1980 team.

Junior varsity Basketball Coach Daniel Kemeter was very pleased with the team all through the season. They worked hard, took criticism well, and constantly played as team, never as individual players.

Any junior varsity team is looked upon as the club for the success of the following season. If the individual players on this team continue to grow and develop as a playing unit, we look forward with great anticipation to next year.

EXPERIENCE FALLS SHORT

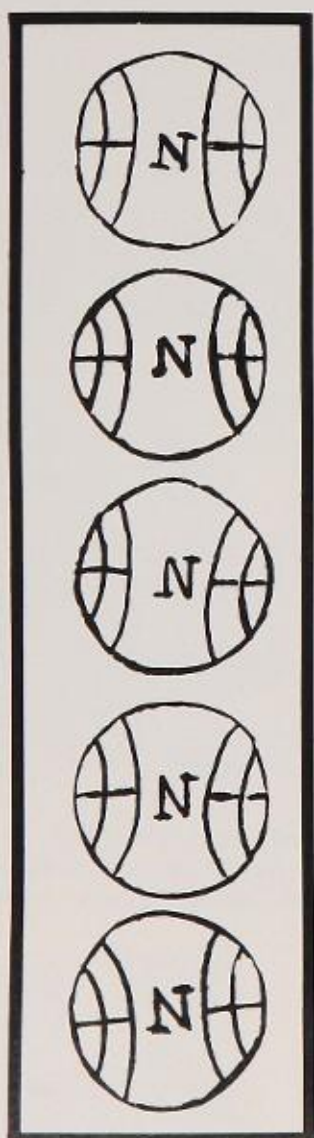

Rebound was the key to the girls' basketball team. Although the girls had determination and many of the contests were decided by just one or two points, they just couldn't seem to rebound from a loss.

With several returning lettermen, the team appeared to have great potential, but the girls found it difficult to adjust to the many new members on the team.

Enthusiasm kept the team rolling. They kept their hopes high and worked hard at practice. Drive and determination kept the girls on their toes during every game.

Coach Frank Krisch tried his best to keep the team's spirit high and to encourage them. to keep on trying. Co-Captains Jamie Roth and Joanna Rampulla did their utmost to boost the team's morale.

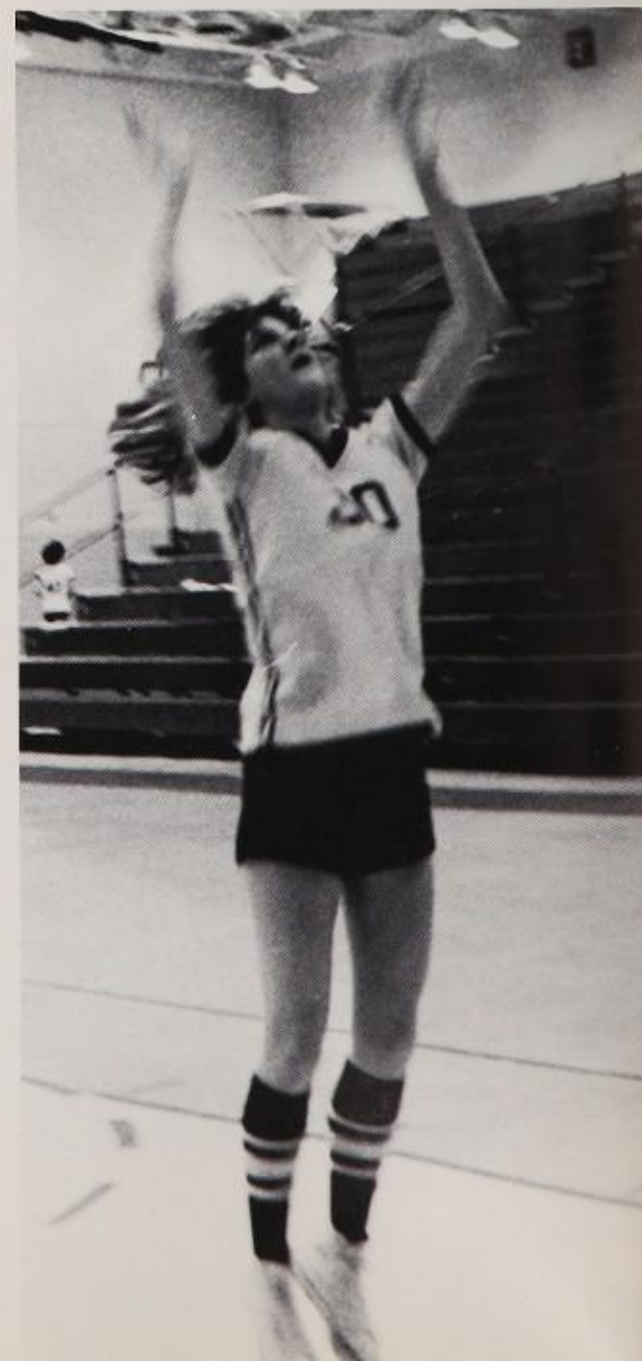

There is always consolation in the fact that any experience, however disappointing, will be of value to us. We look for this in next year's team.

Joanna and Jamie set the mood for some serious play in the game against Wilson.

OUTSTANDING AND PROUD

Our "family" proved themselves united when the power of our mighty Blue Eagles drove the squad to second place in League competition. With the successful season behind them, Coach Ray Nunamaker's wrestlers were ready to tackle District competition.

Excitement began to stir in the crowd when both Jody Werner and Robbie Albert picked up first place slots. Alan Haberle had a stunning victory when he pinned his strong rival, Abe Ateigh, and went on to earn a second place slot. As always, Keith Fairman kept the fans on the edge of their seats and also took second place in his weight class.

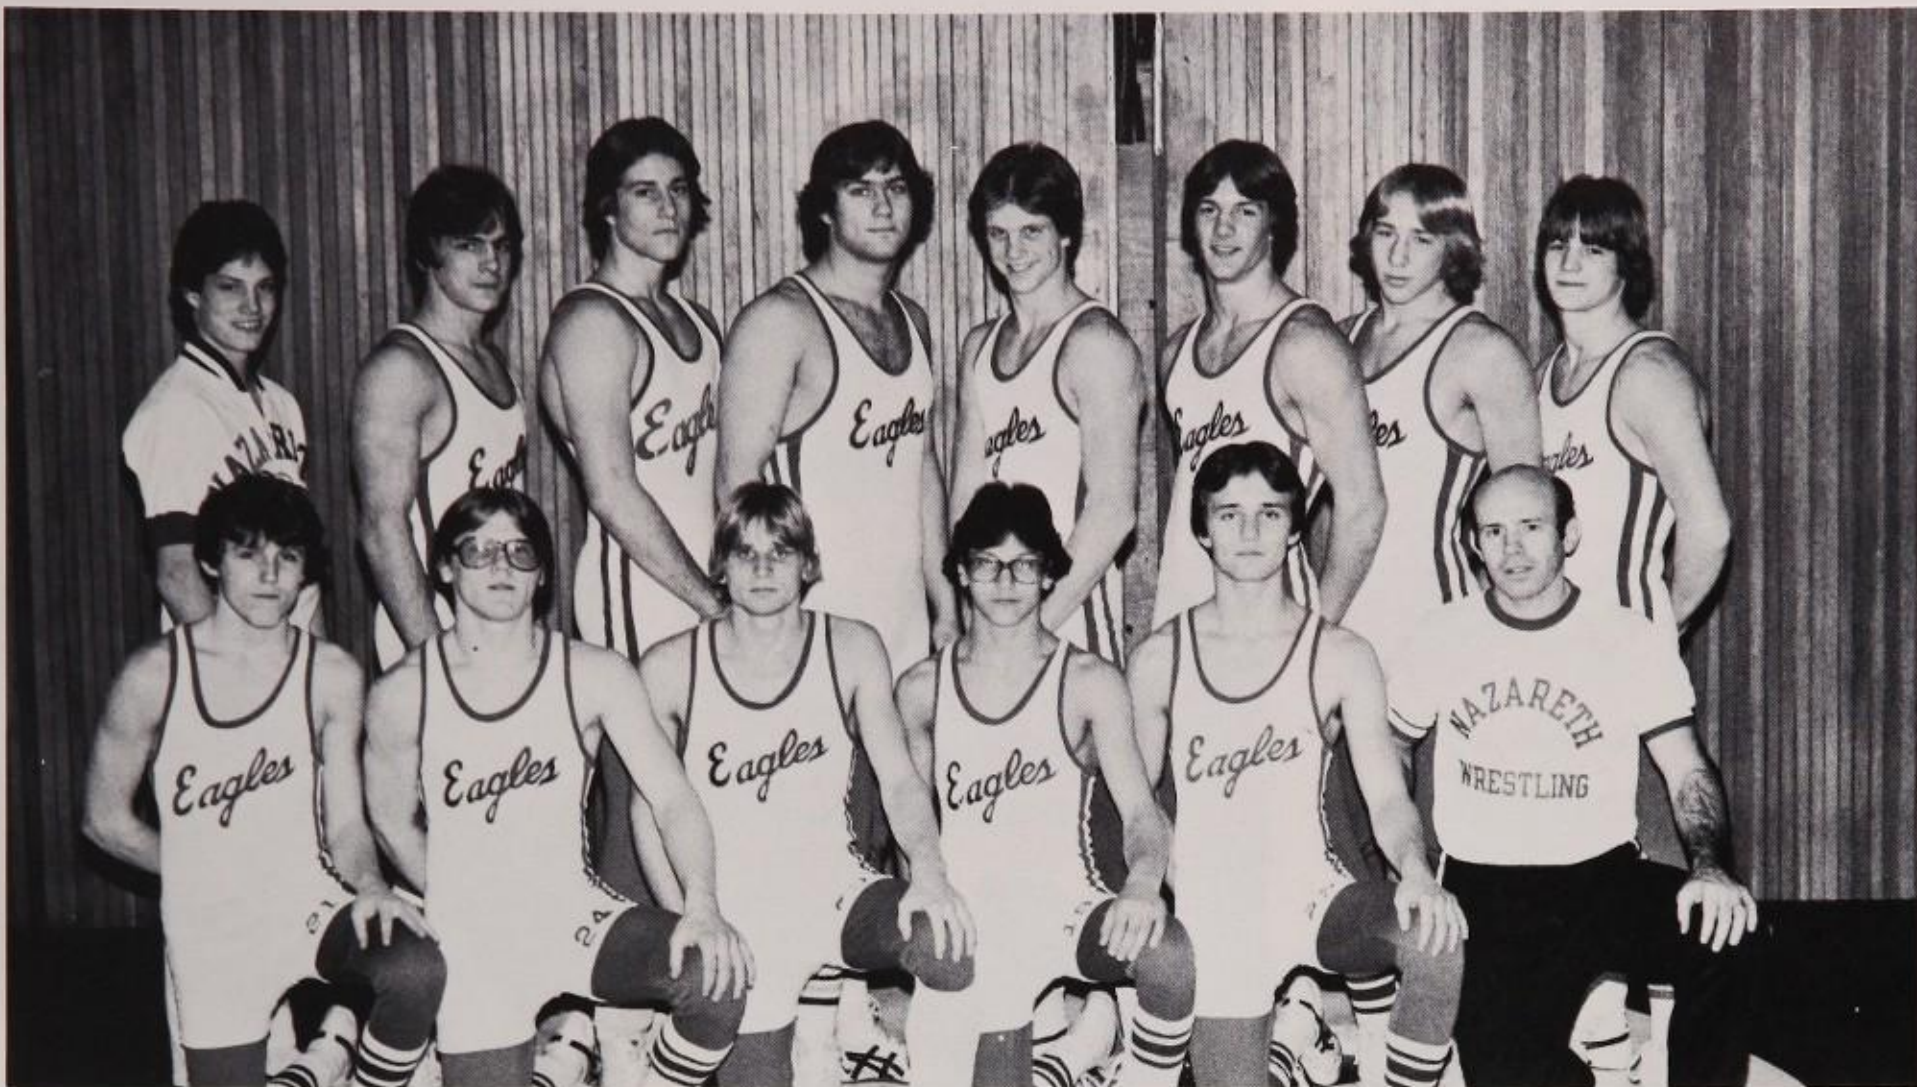

These victories qualified the "Fantastic Four" for Regional competition, where the crowd went wild as one by one they gained four Regional titles, sending Coach Nunamaker on to State Competition with the largest number of entries of his very successful career.

A STRONG J.V. TEAM

Not to be outshown by the varsity team, the junior varsity wrestlers turned in a successful season. The many long hours of practice and self-discipline paid off, for the Little Blue finished in first place in league competition. Even through the many battles which took place for spots in a weight class, the team always came through as winners.

Coaches, fans, and the wrestlers themselves are looking forward to a powerful and winning team next year. With the experience the freshmen grapplers gained this season, and the enthusiasm and spirit of the returning wrestlers, it should be a promising year.

TALENT BOOSTS TEAM

Because young players gain experience only through their mistakes, the baseball team's performance was not as rewarding as the coaches had hoped it would be at the beginning of this season.

Both Varsity Coach John Roanoke and Assistant Coach Frank Frisch expected to have a winning record when practice began in February. While the boys showed some improvement at times, there were also times when low points were evident.

Outstanding individuals were seniors Ed Godiska and Tom Fassi. Ed will be remembered for his fabulous pitching performances, while Tom will always be remembered for his grand slam homerun in a losing cause at Pen Argyl.

Despite some losses due to the team's inexperience, their record of wins and losses broke just about even.

A WINNING SEASON

Our girls' softball team did an outstanding job this year. The season went extremely well with many more wins than losses.

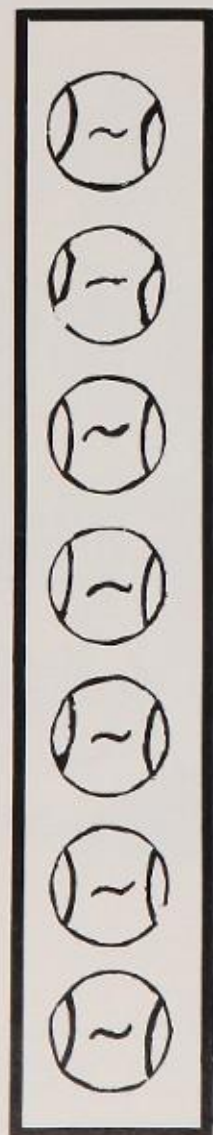

Robin Harper, a returning four-year letterwinner, was the starting pitcher against this year, but this outstanding veteran also played first base, showing her many talents.

There were many other girls with similar talent, and all of them gave their best to the team. There will be a high number of returning girls, which is a promising factor for future years.

Coach Chassard and Assistant Coach Donald Frederick believed that the team's attitude was good, for they were never depressed or discouraged by the team's performance. The team always had spirit and determination, and every player constantly improved all through the year.

CHAMPIONS ONCE AGAIN

Practice is the way champions are made.

Colonial League Champions for the second year in a row! Our super-fantastic girls' track team had depth and tons of talent which was perfected through hours of hard practice and years of experience. With a great attitude of the team and a tremendous drive by Co-captains Joanna Rampulla and Chris Agnew, the girls turned in one outstanding performance after another.

Coach Ronald Lewis was "Pleased as Punch" with the team's performance and attitude. In their fourth year of competition, the girls have already captured two league championships. A perfect season was spoiled when the team suffered a heartbreaking loss to Easton by .6 of a second.

Practicing since February in snow, rain, sleet, and freezing weather, then running in late May in 90° heat, the team never lost sight of their desire to take the championship title.

Outstanding performances were turned in by Joanna Ramuplla and Kim Era, who were District and League Champions, and by Chris Agnew, League Champion.

Kim Era, whose speciality was the discus throw, claimed both League and District titles.

boys' track

TEAM TAKES FIRSTS

Even a winning attitude couldn't quite put it all together for our boys' track team this year. Jeff Croft, Jeff Hunt, and Chris Szutar, serving as co-captains gave the team push and encouragement, but they never quite made the big win.

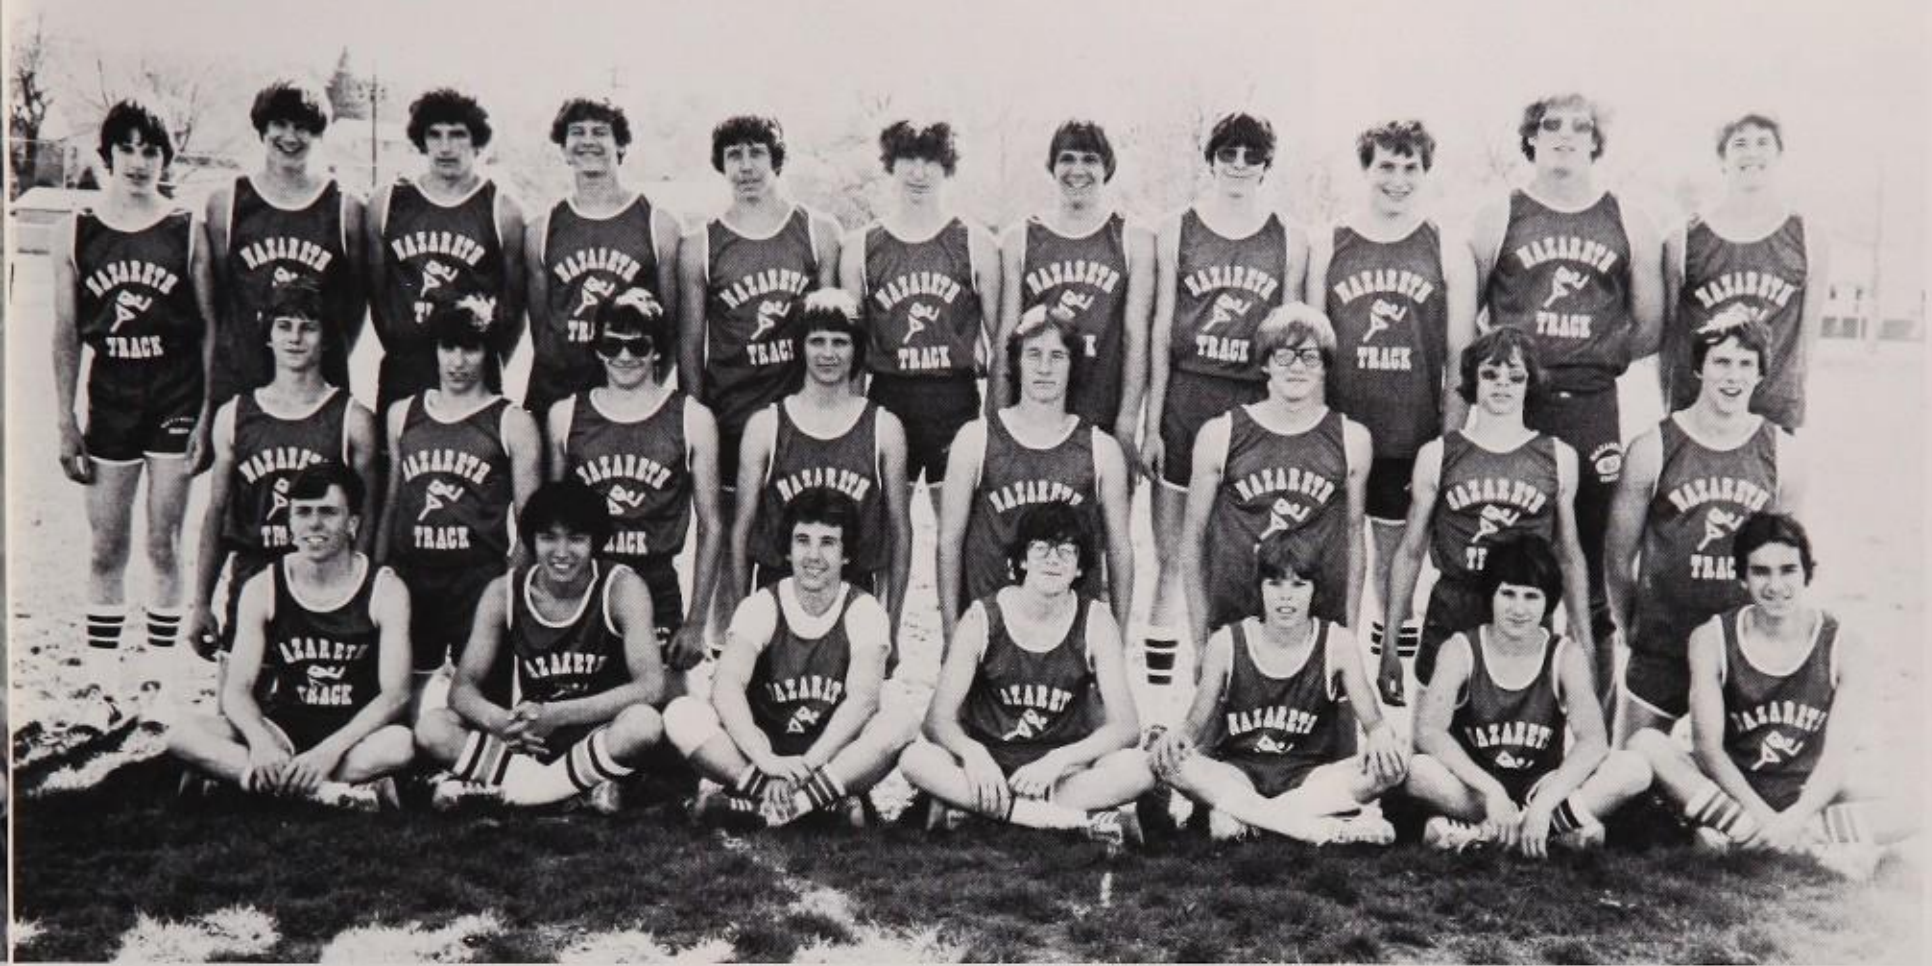

Depth was the main problem which both the coaches and the team had to contend. The team lacked the depth to pick up the seconds and thirds needed to win. There were many outstanding athletes, such as Jeff Croft in the sprints, and Chris Szutar, who was a first-place winner in pole vaulting again this year. Jeff Hunt hurled the discus for many points, and Bob Eschenbach did a great job in the high jump.

The boys put forth their best effort and showed this by their fine discipline and determination. Many hours of hard work extended even into Saturday mornings, and all indications point to a good foundation for next year's team.

volleyball

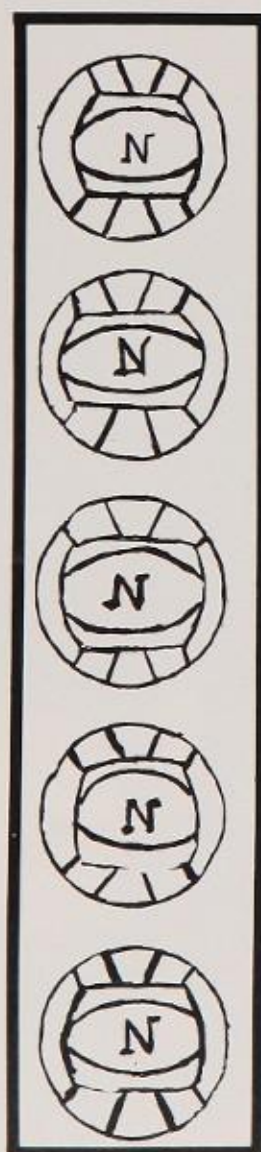

TEAM GAINS EXPERIENCE

This year marked the appearance of volleyball as a competitive sport at Nazareth High School, and the most important factor was that the team gained experience for future years.

Our team competed in the East Penn League, where most of the teams were well established. This became discouraging at times, but the team pulled together and had Karen Keller bristling around and creating enthusiasm.

One of the problems was finding some place to practice and another problem was the five o'clock starting time. The most disappointing aspect about the season, and also the most memorable part of the season, was that the girls ordered shirts which never did come in until the season ended.

Sue Hunt was the most consistent scorer, and with the skills and spirit which Linda Mitch developed, Coach Sally Hallman believes that all in all it was a very good season.

cheerleading

SPIRIT LEADS COMPETITION

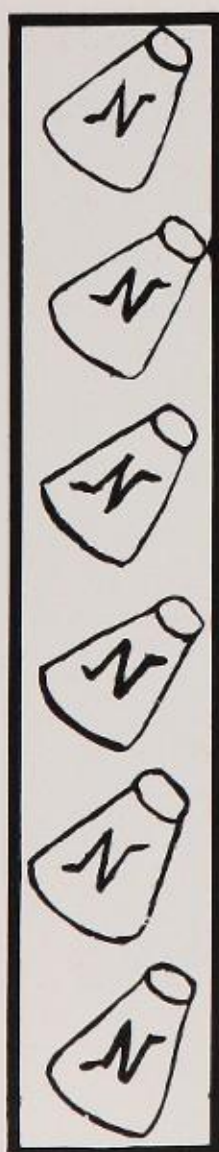

Summer camp was a big asset to the '79 cheerleading squad. The girls received two first place ribbons and a first place trophy for all-around best squad at the camp.

Contrary to popular belief, the cheerleaders work very hard at practice several times every week. They place posters in the gym and try to promote school spirit throughout the school. They even sponsor bake sales to raise funds for camp.

Six pep rallies highlighted this year's season. Captain Patti Jeanne Pritchard and Co-captain Lori Woodward led the squad through an enjoyable and spectacular season.

Cheerleaders work all year long. They hold a clinic for children to teach mounts, jumps, cheers, and gymnastics. They are on the job for all varsity football, basketball, and wrestling competition.

awards

Although every athlete is the first to admit that any honors or acclaim which he may receive is always in direct proportion to the skill and ability of every member on the team, there are always a few who receive personal plaudits.

ATHLETES GAIN INDIVIDUAL RECOGNITION

ATHLETES ARE HONORED AT BANQUET

Certainly one of the most eagerly awaited events of the school year is the annual All-Sports Banquet. Amid speculation surrounding the awarding of the prizes, and the anticipation of an evening of good food and fine fellowship with other teammates, the yearly banquet becomes the climax of the sports season as we know it at Nazareth Area Senior High School.

Many impressive performances were turned in this year. One of the most astonishing wrestling records in recent years was recorded when four of our varsity grapplers captured Regional Championship titles. Not to be outdone, the track team chalked up their share of titles. Joanna Rampulla won League Championship titles in both the shot put and the javelin, and finished with a first place in the shot and second in the discus at Districts. Joanna was sixth in the state meet. Kim Era took the League and District titles in the Discus, and Chris Agnew the League title in the Mile Run. Alan Smith captured a second place at districts then went on to the semi-finals in state competition in 110 hurdles.

John Liming and Rob Yavorski came in fourth in District doubles competition in tennis, after John won the League singles tournament.

Patti Jeanne Pritchard, Cheerleading

Outstanding basketball player award was presented to Jeff Hunt at the All-Sports Banquet.

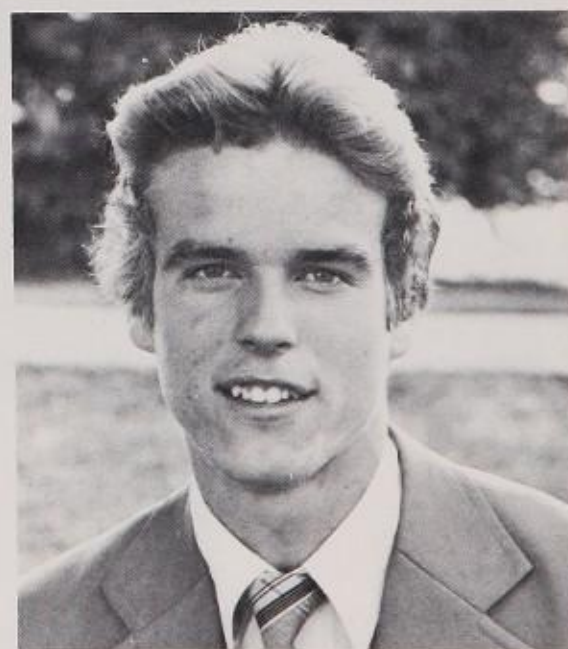

The coveted Ideal Girl and Ideal Boy Athlete Award was presented to Joanna Rampulla and Robbie Albert. Joanna turned outstanding performances as a member of the girls' track team. Robbie lettered in both football and wrestling.

Outstanding Basketball, Jamie Roth

Outstanding Cross Country, Track, Chris Agnew

Outstanding Baseball, Ed Godiska

OUTSTANDING PERFORMERS ARE GIVEN TROPHIES

Chris Szutar was the 1979 recipient of the John Polzer Memorial Award, given to the athlete who displays sportsmanship both on and off the football field.

Joanna Rampulla was chosen for the Ideal Nazareth Area Senior High School Girl Athlete Award. Joanna's speciality was track and field events, particularly the shot put and the discus.

Rob Yavorski was chosen by his coach to receive the Outstanding Tennis Player Award. Rob was not only involved in athletics. This popular Class President participated in the productions staged by our Drama Club.

While most high school athletes have hopes of receiving an award for outstanding performance in one sport, Robin Harper has the distinct honor of receiving awards for outstanding performance in three categories. Robin was chosen to receive the trophies in field hockey, cross-country, and softball, certainly a remarkable achievement.

Robbie Albert received not only the Ideal Boy Athlete Award, but was chosen for outstanding performance in both wrestling and football. Robbie was also chosen to represent our school as Scholar-Athlete for the National Football Foundation Hall of Fame.

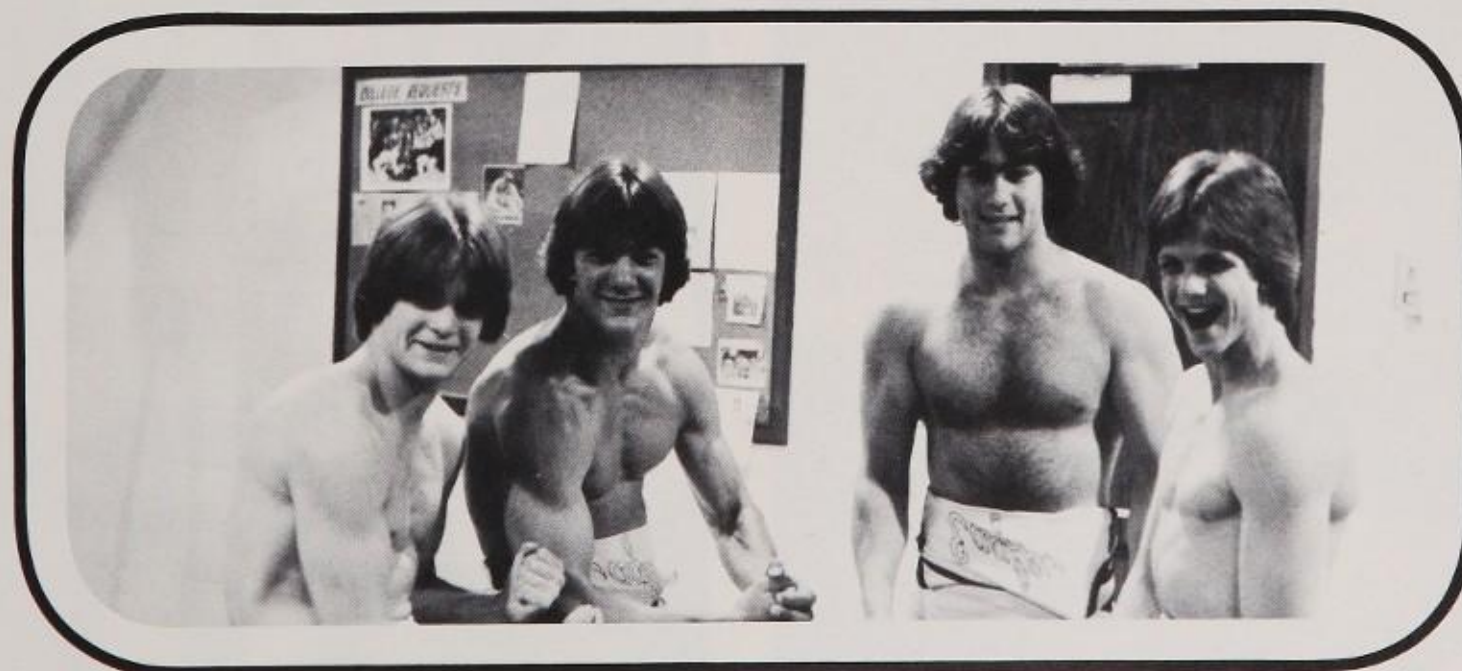

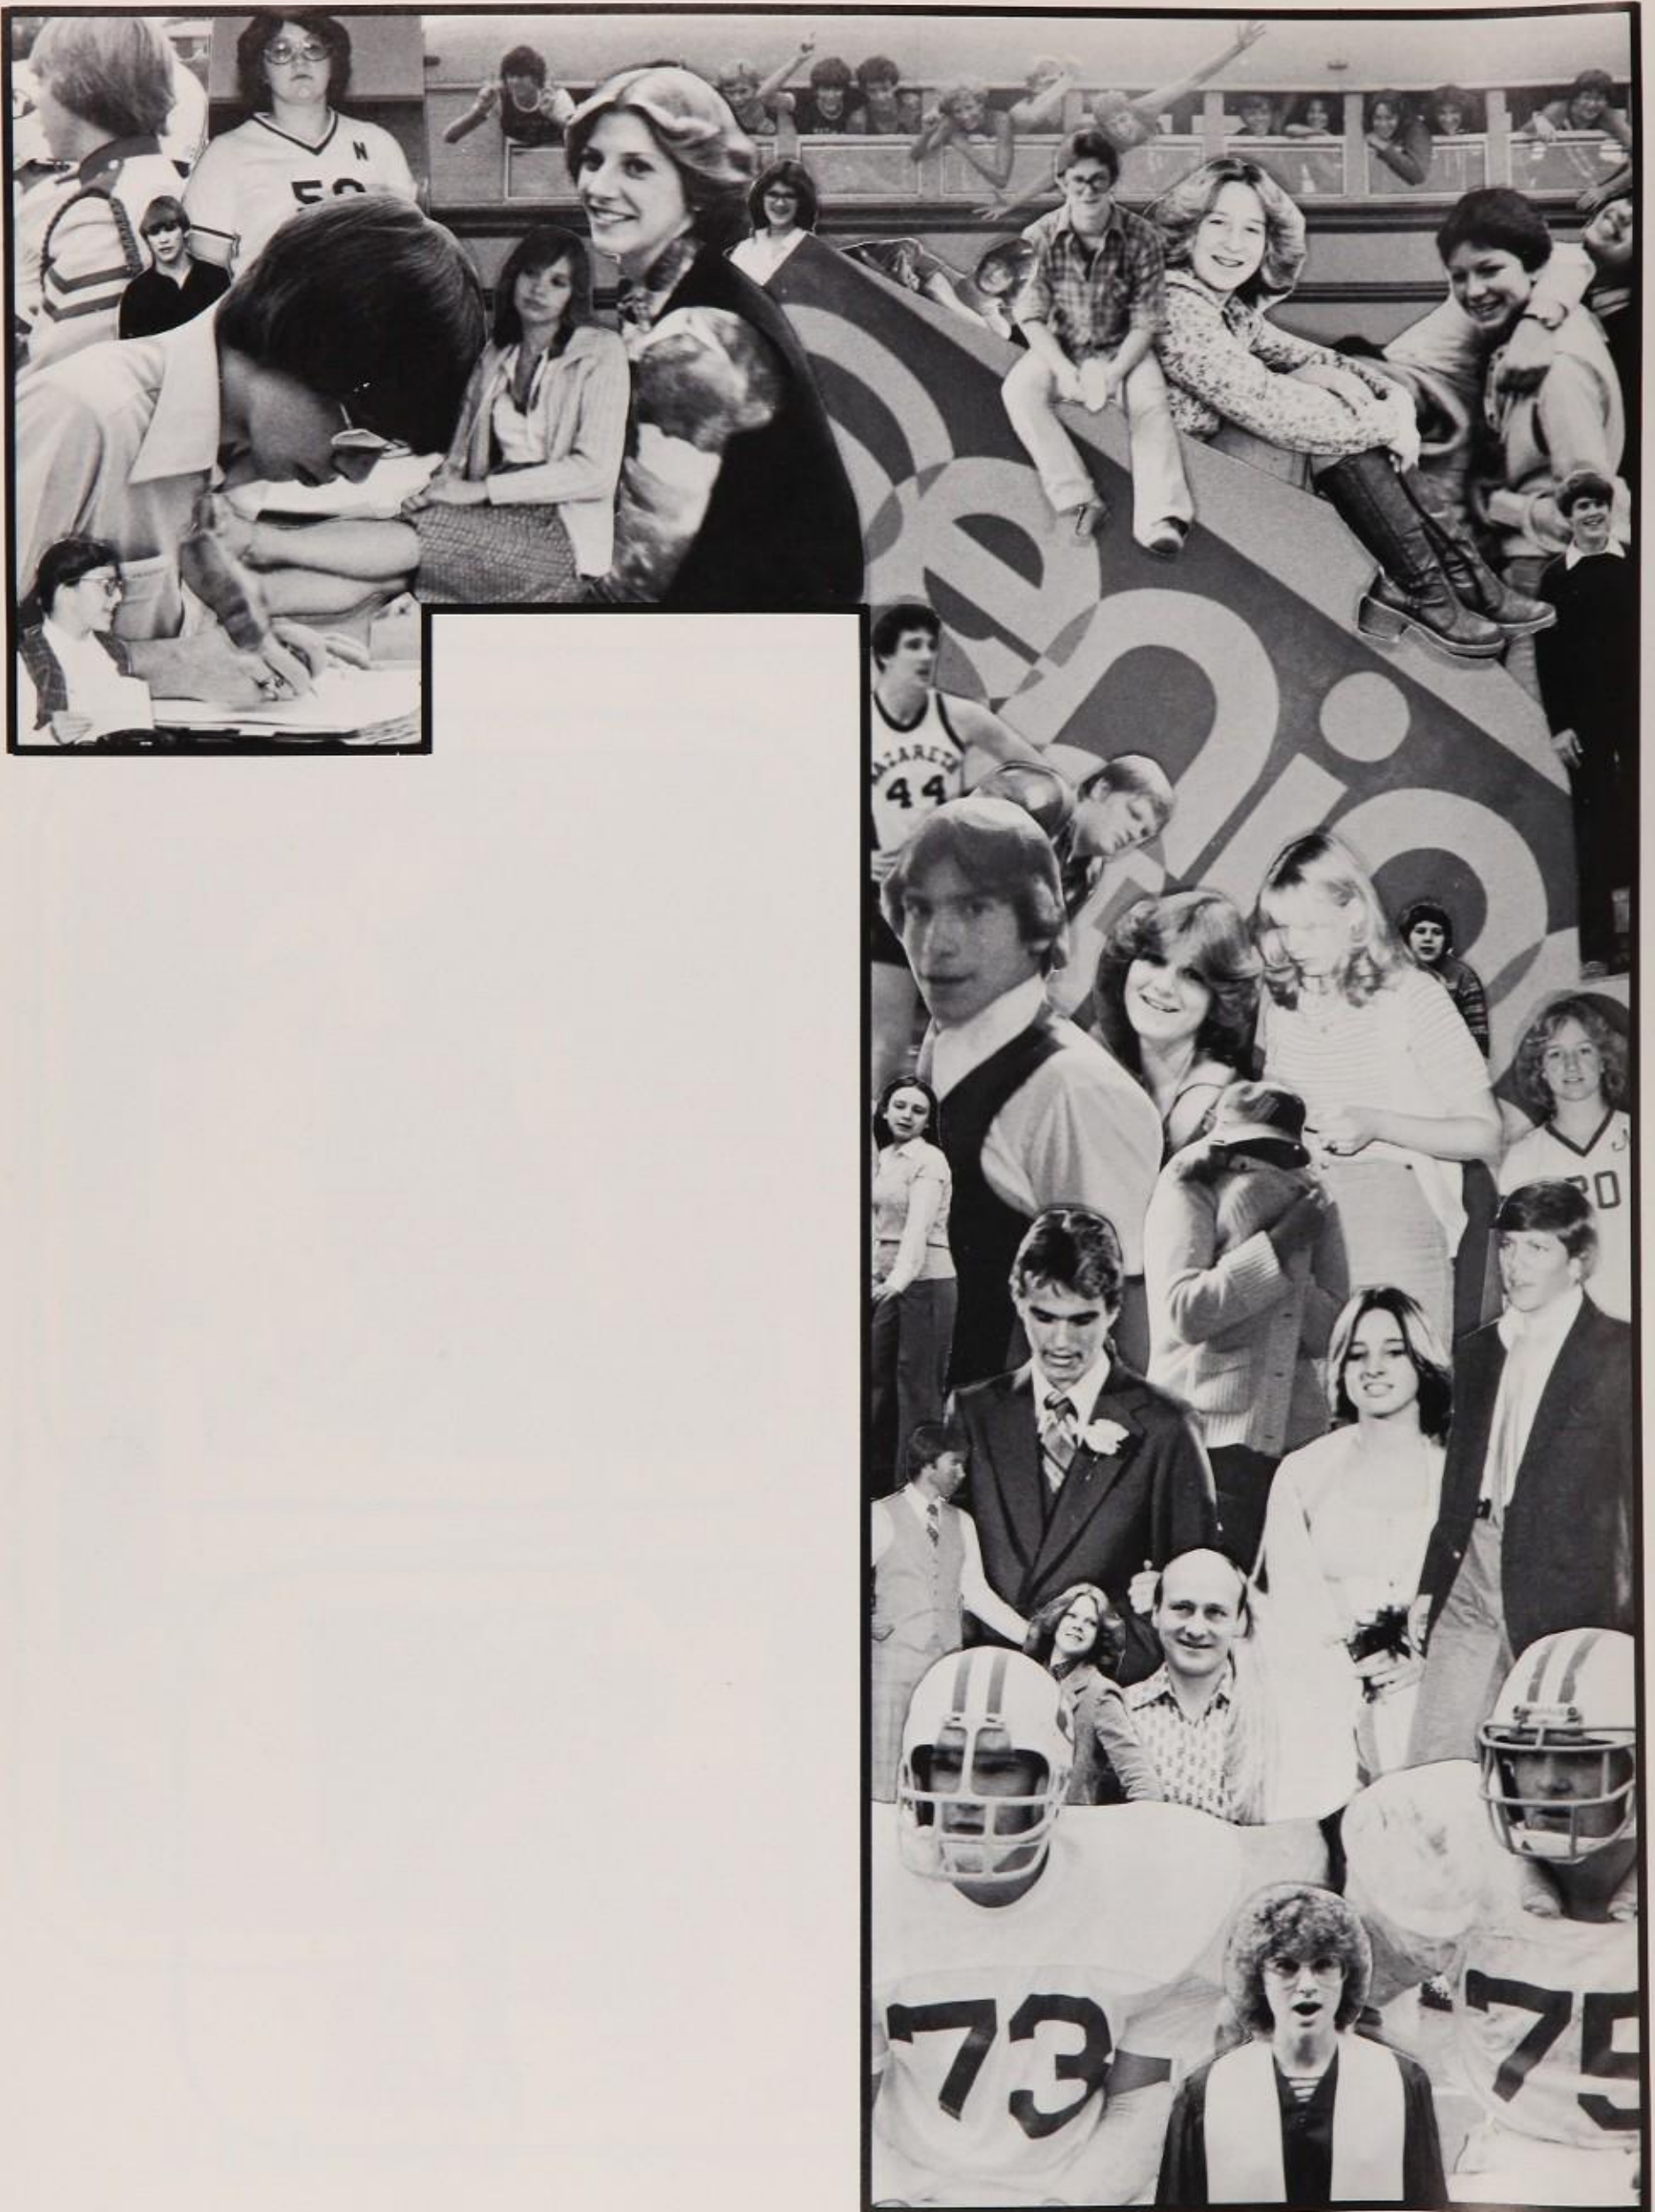

Chris Agnew, who received awards as the outstanding performer in both cross country and track, is also League Champion in the Mile Run. A very versatile girl, Chris was also named to the All-League Team in field hockey.

STUDENT LIFE

... AS WE PLAY

nh's spirit soars

As the clock ticked on, anxious students waited for the release bell. Some may have had butterflies, and perhaps some were jumpy, but that is all part of a Nazareth Homecoming. Students shoved through the halls and jammed the doors to the gym. School spirit exploded during the Pep Rally as the "Guy Majorettes" and hilarious other skits were climaxed with the Sophomore Initiation.

Senior girls tried to keep quiet in fear of losing their Hush Pins, but this was practically impossible. Rob Yavorski was crowned our 1978 "Mr. Irresistible" for gathering the largest number of pins from the Senior girls.

Senior football players entered their pictures in a "Cutest Baby Picture" contest, and winner by unanimous decision was Steve Hann, who was presented with a giant lollipop and a pacifier.

The Pep Rally set the stage for all that was to follow—the game and the dance.

HOME-COMING

talent marches in

Friday, October 13, may be a day for bad luck to some of us, but certainly did not put a damper on our "Mighty Blue Eagles." Our Big Blue stomped on the Catasauqua Rough Riders with a 22-6 victory. Not to be outdone by the football team, the band and the class floats featured a magnificent halftime performance.

With "Movies" as a theme, each class worked endless hours competing for the "Best Float" award, which was captured by the Class of '79 for the second straight year. Fans could hardly contain themselves waiting for the Homecoming Queen to be announced, and roared approval as Patti Jeanne Pritchard was crowned our Queen of '78. The end of the festivities came on Saturday with the dance in the cafeteria.

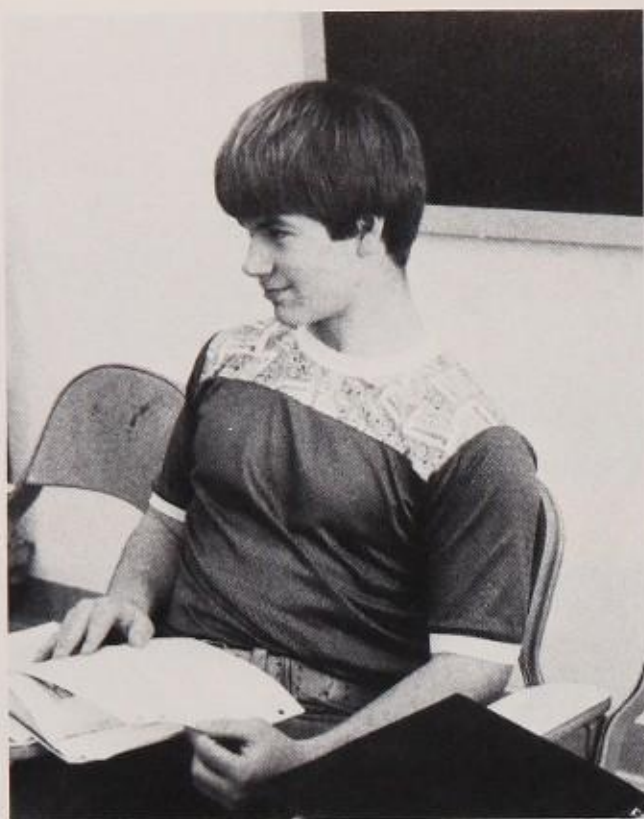

Perfect weather, enthusiastic crowds, and a fine performance by the team will make Homecoming '78 memorable for everyone.

TOP: Members of the Homecoming Court across the top are Queen Patti Jeanne Pritchard, Kim Shafer, Amy Trbuza, and Wendy Werkheiser.

STUDENT COUNCIL

ABOVE: Rich Woodward contemplates a new proposal for Student Council elections. **ABOVE RIGHT:** Adviser James Jordan takes a neutral position when any student presents a suggestion to Council.

council represents students

Student Council performs a vital service to our student body. Made up of members from all three classes, the Council meets bimonthly to plan future activities or discuss problems and issues suggested by the students. Activities which keep the Council busy are organizing assembly programs, planning dances, and sponsoring fund raising campaigns to finance dances and other Council-sponsored activities.

Spirit Week was planned for the middle of the third marking period to attempt to rebuild student enthusiasm and support of the winter sports program. Physique of the Week award was presented to Lee Ashenfelder. The week's activities were climaxed by a faculty-student game of volleyball and back-breaking exhausting obstacle course.

The Council could not have sponsored the successful activities or functioned so smoothly without the help and hard work of our president Karen Keller, the treasurer Rob Yavorski, and the secretary Karen Williams. Robert Holland and James Jordon were Council advisers.

ABOVE: Our 1978-1979 student governing council with advisers Robert Holland and James Jordon holds meetings twice each month in the library classroom. **RIGHT:** Student Council officers with Adviser Robert Holland.

students honored

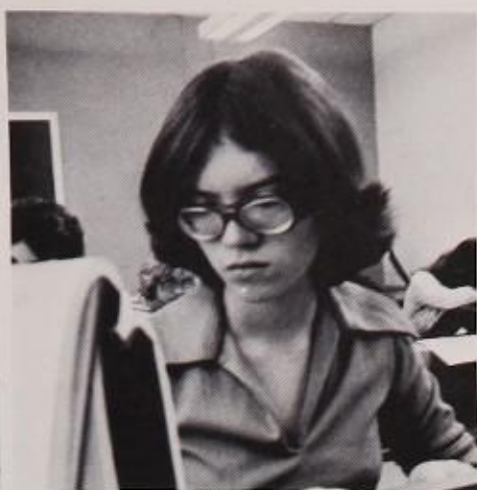

In recognition of scholastic achievement, students are annually inducted into the National Honor Society. The induction ceremony in October was held following a banquet at Walp's Restaurant. Senior High School Principal Claude E. Shappelle congratulated the newly inducted members and spoke of the honor and benefits realized by being chosen a member of the Delphian Chapter of the National Honor Society.

As Society members students enjoy "open" study halls through the use of the Honor Pass. In addition, a separate Honor Society room is available for those students who would like to relax, study, or watch a special television program.

Throughout the year, Honor Society performs a variety of functions. In addition to assisting at Open House, where they serve as receptionist, members are also available for other services used by the school. Of course, members of the Honor Society spend most of their time concentrating on maintaining grade averages and preparing for college entrance.

senior play - success

Surprised students found they had hidden talent and, together with Director John Cokefair, produced an enjoyable rendition of the play, "Mary, Mary."

This particular performance, staged by members of the senior class, was only one of a series of productions staged this year by the increasingly popular dramatic department.

Rehearsals, which began early in the school year, were often hectic, sometimes traumatic, and always long. Opening night found us confident, eager, and anxious to present a pleasing performance.

Memories of school years are many, but a special place in our thoughts will always be held for the experience and selfconfidence we gained in this part of careers.

Special thanks goes to John Cokefair for all his help in developing a cast of beginners into real professionals.

aides help grades

Aside from the traditional functions which one usually expects of a school library, our own school library provides an attractive lounge for casual reading and concentrated areas for serious study and research. The library staff, in addition to cataloguing books and aiding students with research projects, has the responsibility to keep the shelves stacked with up-to-date reference materials and modern and contemporary literary materials. One of the big jobs this year was to weed out outdated books, a recommendation from the Middle States Evaluation Committee.

The library houses a center for reading development, a new facility headed by Donna Panick. The center provides active teaching aides for students who have expressed interest in improving their reading skills. Miss Panick has also been placed in charge of the tutoring program, which has received federal financing. Many students have benefited from this program, which meets every Monday and Wednesday.

SCHOOL PLAY

ABOVE: King Absent Minded Brandon Parsons cannot remember Snow White's name. Patti Jeanne portrays Snow White. **BELOW:** Maid Dim Whitty begs Queen Bella to allow her to participate in the vicious scheme.

kids love snow white

February's blahs were relieved a bit with the Drama Club's outstanding performance of the well-known fairytale "Snow White." Many hours of practice and clever innovations on the part of the staff made this familiar story come to life for the children, who packed the auditorium on two consecutive Saturday performances and loved every minute of it.

Departing from the Disney production, the names of our Seven Dwarfs were changed to Hickory, Dickory, Doc, Echo-Echo, Curly, Weepy, and Little Banjo. The Dwarf's antics brought squeals of laughter from the children and adults in the audience.

The actors on the stage were not the only people involved, for many jobs took place behind the scene. The stage crew had to plan and construct the scenery; the lighting crew highlighted the characters on the stage at precise moments; and the property crew searched through attics and closets for the colorful costumes.

ABOVE: Snow White collapses after the wicked Queen Bella tries to poison her with a treated apple and a comb.

singers get around

Do you like to sing and have fun? If you enjoy becoming involved, we urge you to participate in the chorus program. It is one of the most interesting and rewarding experiences of our high school career.

Walking past the choral room one can hear the guys and girls hard at practice for public appearances, for concerts here at school, for competition, and for programs for community organizations. Performing groups include the Concert Choir, the Jazz and Show Choir, and the Treble Singers, who all practice several times every week.

One of the highlights of the year was realized on March 6, when the Concert Choir boarded a bus for Bloomsburg State College to participate in a concert with chorus groups from schools throughout the state.

After a very late arrival, following some concern that they would ever arrive at all, the Shorum-Wadding River High School from Long Island presented a public performance for the community on March 23. Forty-one host families housed the chorus following the concert.

CHORUS

musical captures crowd

Tired feet, sore throats, and empty stomachs were common hazards to the cast of our musical. Daily practice until 7:00 in the evening brought on total fatigue and severe hunger. All the long rehearsals and suffering paid off, for the musical was, as usual, a tremendous success.

"The Unsinkable Molly Brown," is a story of a poor Missouri girl who marries a miner who strikes it rich. Having money does not mean acceptance by the elite, however, for Molly and her husband. Only Molly's courage finally brings them world-wide recognition.

Students who did not play the lead roles were given the important job of forming the chorus, and it was amazing how quickly we became professional dancers and singers. The ups and downs of putting together a major production and the thrill of realizing that all of us have hidden talents become some of our fondest school memories. Behind the stage talent was also realized by those who handled the construction and moving of the stage sets, the lighting effects, the make-up crew, and the orchestra.

Senior Jane Uhler captured the coveted role of Molly Tobin Brown, the leading part of the show. In the past, Jane has portrayed the lead parts in "My Fair Lady," "Mary, Mary," and the part of Vera in "Mame."

PROM 79

"we've got tonight" to ...

Weeks before the Prom arrived, the annual signs of its coming were evident. Frantic dieting, penny-pinching shopping trips, and an endless attempt at romanticizing signified the '79 prom season.

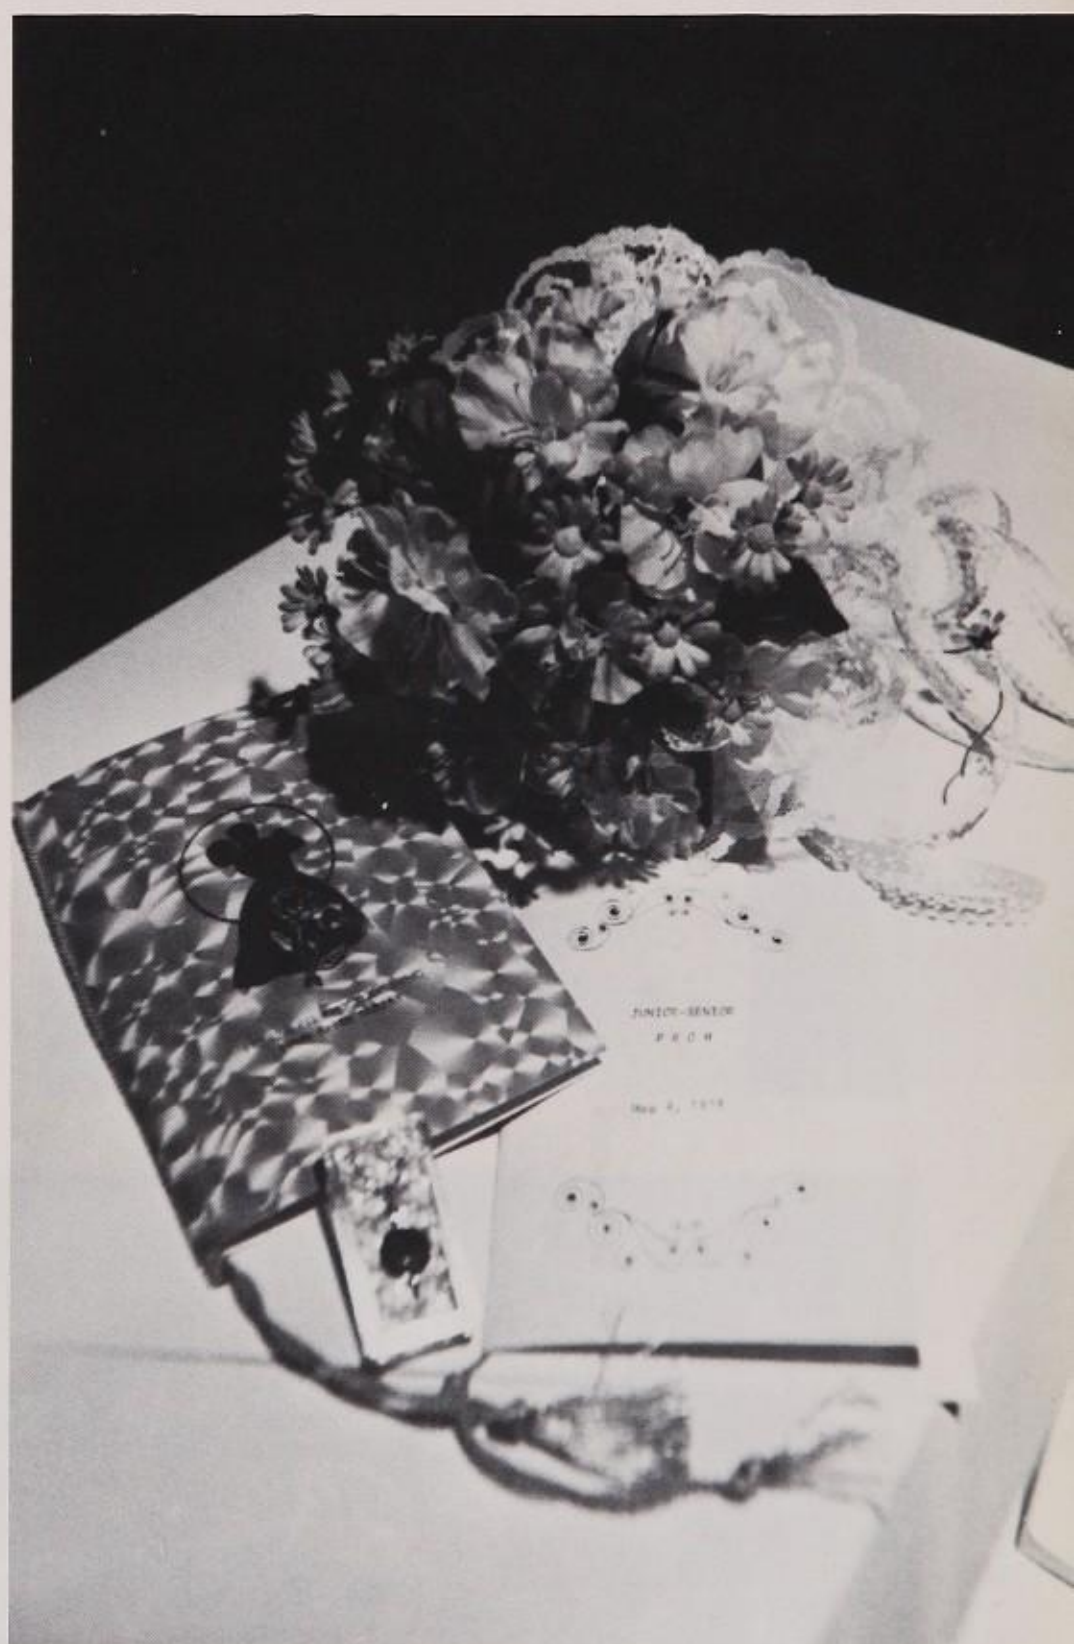

May 4 finally arrived, and at 8:30 couples arrived at the Holiday Inn West, anxiously awaiting signals for the prom to begin. Girls received a token necklace for remembrance, and couples were directed to their tables by the Sophomore Pages.

Everyone socialized until dinnertime, when a delectable choice of ham or roast beef was served. Couples danced to the fantastic music of Magnum and Mountain Jam. Excitement filled the air at midnight, when the 1979 prom queen was to be crowned. Tension exploded when Junior Class President Jim Shiffert crowned Sue Hunt our Prom Queen.

A romantic atmosphere prevailed as couples danced, especially to the theme song, "We've Got Tonight." This song will always be a cherished memory of a beautiful and exciting night—the Prom of '79.

clubs stress ..

Essential to Nazareth Area Senior High School's student life program is the wide variety of clubs and activities offered to our students. For the intellectually oriented, chess, backgamman, and the scholastic scrimmage team provide an outlet of challenge and interest. On the other hand, dance, ski, and the new weightlifting club supervised by Dale Harrison involve students interested in physical fitness.

While these clubs provide social entertainment, FHA, YEA, Key, and stagecraft club involve school related, socially corrective, or servicing activities. This year, FHA travelled to Host Farms in Lancaster for their national convention. YEA assisted at the Special Ed Olympics held at Lafayette College, and the Key Club took the responsibility of making the morning announcements. Stagecraft Club constructed fantastic sets for the senior class play "Mary, Mary," for "Snow White," and for the musical, "The Unsinkable Molly Brown."

skills prove rewarding

Our Nazareth High School students this year are as talented as ever. Commendations have been given to a large number of students who have achieved special recognition in their individual achievements.

Rob Yavorski was elected as the recipient of the Daughters of The American Revolution award. Upon achieving the highest score in a competitive French Contest, Anita Sokasits won an award. Winners of the Math Contest were John Liming, David Tress, and John Butler. Robbie Albert was chosen to receive the coveted Scholar-Athlete Award which is presented by the National Football Foundation.

Band members Anita Hahn, John Elliot, and Larry Kleintop were selected to perform with the Youth Symphony, and all three were also selected as members of District Band.

Stephanie Rice was chosen as our representative for the Junior Miss competition, with Anita Sokasits as runner-up.

These students are to be commended for their special talents and abilities. They exemplify how individual interests can prove rewarding.

tech starts your life

Do you have a specific field of employment which holds your special interest? You can improve those skills you may already have by planning to attend our Eastern Northampton Vocational Technical School.

There are many choices of job areas to consider. Departments of horticulture, cosmetology, health assistant, and data processing are a few of the areas which train our students for specialized skills.

Due to the large number of students requesting a vocational-technical program, three sessions are held. Schedules here at the home school are planned around the Vo-Tech assignment.

Five school districts in our area comprise the enrollment at Vo-Tech. The experience not only develops skills in particular fields of interest, but allows students to cultivate lasting friendships with the students from the other participating schools.

A new program initiated this year allows our students to visit the Vo-Tech school for an afternoon session so that we can appreciate the fine work which is being done by our students who attend this fine school.

students display talent

Watercolor paintings, prints, sewing projects, ceramics, and photography combined for an annual showing of the Nazareth Area School District's Arts Festival.

Students from kindergarten through the senior high school displayed their talents and creativity for public display on May 9, 10, and 11. Proud children from the elementary grades were anxious to show their work to their parents, while high school students were just as proud to show their projects to the student body.

Entertainment was provided by the Stage Band and the Seventh Grade Chorus. Throughout the evenings, students demonstrated arts and crafts in many different media.

Winners in every category were judged by three professional artists, and awards made to first, second, and third place winners in each division. Their awards are presented during Commencement ceremonies.

senior center fever

Boredom, tension, and strain send seniors to the famous "Senior Center," the well-known gathering place to get away from those study hall blues and have a chance to be with friends. Listening to a few good tapes gets students in the mood to do homework. The Senior Center is also a place where one can catch a quick snooze while stretch out on one of the couches. As some talk and spend their time rather leisurely, others take the day's frustrations out in a nerve-splitting game of ping pong.

Since the opening of the Center, each class has taken advantage of the privilege of creating a wall mural, and this tradition does not stop with our class. Sharon Kocher has taken on the tremendous job of creating and painting the mural for the Class of '79.

One of the privileges earned by the seniors is the use of the Senior Center, and this is perhaps the one which underclass students anticipate most anxiously.

dorney park - fun time

Damp air, partly sunny skies, and forecasts of rain and thunderstorms tried to cancel our annual Dorney Park Night. With a great deal of pessimism, the committee called a "go" situation, and we were off to the park.

Long lines to the thrill rides and refreshment stands had to be tolerated. The smell of cotton candy and popcorn and the aroma of food spread all through the park. Tall cups of soda and sticky candy apples were all part of the program.

Wind blown hair, churning stomachs, and red hands from clinging so tightly became trademarks. Screams and cries for help echoed through the hills of the Flying Dutchman, the rollercoaster, and the Iceberg.

Time passed all too quickly, and before we realized it, the fun was over for another year. Memories of the fun time we had with all of our friends will never be forgotten. For this one time, at least, we were happy the weather forecasters were wrong.

playing can be fun ...

Cool morning air and early morning hours are all a part of the Blue Eagle Marching Band rehearsals. It is not unusual for the residents of Nazareth to be awakened at 7:00 a.m. to the strains of John Philip Sousa and the beat of the drums.

Marching with precise precision on the fifty-yard line to a steady beat, playing popular tunes, and executing intricate routines were the result of these many hours of practice.

One of the highlights of the year came when the band received an award of "Excellent" during the competition at the Festival of Bands at the Allentown Fair Grounds.

On May 18, 19, and 20 the band travelled to Great Adventure where they entered in "Six Flags Competition."

During the absence of Director Philip George, who was out of school during most of the second semester due to illness, William Bondl assumed the task of directing and guiding the band.

spinning can be great

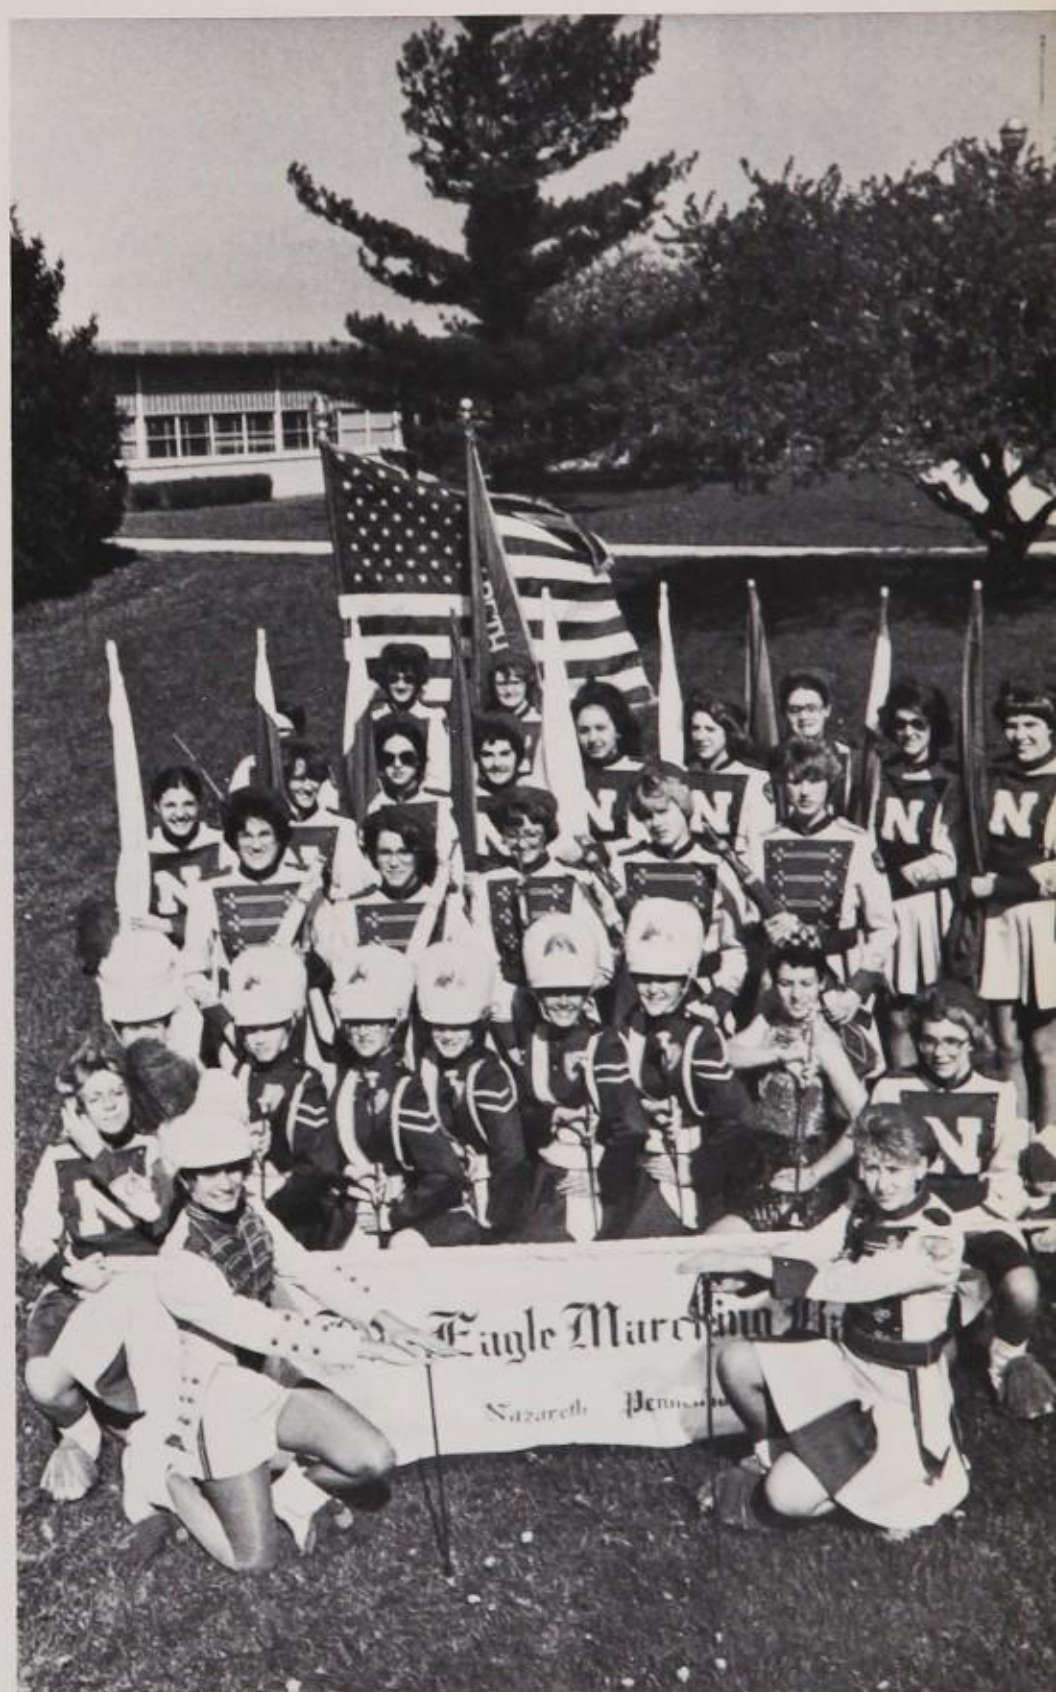

Swords, flags, rifles, and batons make up the dazzling design of the colorful band front. Precision, practice, and performance combine to form the ingredients which are necessary for our band front to present consistently top-grade routines and maneuvers.

Not to be taken lightly are the long hours spent in practice all during the school year. Marching in parades, participating in band competitions, and performing the half-time shows at football games are all part of activities we all too often take for granted, but which require personal sacrifice and just plain hard work on the part of every member of the band and the band front.

Drum Majorette Vickie Tarnok had the responsibility of keeping the band in order and leading them through each event. Captain of the colorguard Kim Rohn had many frustrating moments when the band was out-of-step. Head Majorette Jamy Waha was always impressive as she led everyone through the routines. Lieutenant of the rifles Lisa Mondschein and Lieutenant of the flags Leanne McSween kept the squads in order.

Frantic moments

Deadlines to be met, pictures to be taken, and write-ups to be composed are part of the planning which went into the 1979 COMET.

Every day the staff met third period to work on this year-long task. The sections were divided among the students to plan a well-balanced coverage of our school year.

Patti Jeanne Pritchard and Karen Williams worked on the underclass and the theme sections. The student life section, which was carefully planned by Jackie Baylor, Annette Budzak, Maureen Mengel, Mindy Seip, and Deb Van Horn, had quite a task to complete. These girls had to cover every student activity in the school. The faculty section with Peter Fray, Beth Hartzell, and Louie Perez was put together with a completely new idea. Taking over the work of the sports section was Kim Shafer, Shelly Smith, and Amy Trbuza. Last, But not least, the senior section was planned by Anita Hahn, Priscilla Hahn, Sue Kichline, and Deb Nagle.

11:20, and approximately 15 rowdy students shuffle into Room #11. Once inside, however, these students rapidly transform into the energetic, illustrious staff of the Blue and White Standard.

Publishing an issue of the school newspaper is much more difficult than it appears. Fortunately, the staff is under the supervision of Robert Holland, who spends many class periods guiding the staff into publishing a well-written, interesting, newspaper.

Working closely with Mr. Holland are the page editors Robin Harper, Joanna Rampulla, Tammy Viglione, and Amy DeRaymond. Editor Karen Williams writes editorials and supervises the page editors. At the roots of the paper are the reporters who research and interview subjects. Credit goes to Mr. Holland and the staff for publishing an informative, interesting paper every month.

popular host farms ...

One of the most eagerly awaited times in our high school career is the senior class trip. The morning of our trip, June 12, was a bit chilly, but seniors boarded the chartered busses for their day at Host Farms in Lancaster with happy hearts and anxious for a day of fun and feasting, together, perhaps, for the last time.

This popular resort area provides a variety of activities to satisfy anyone's interests. Although the day was a bit cold for swimming, hearty souls had to take advantage of the luxurious pool accommodations and had their first taste of sauna bathing. The golf course appealed to many, as did the tennis courts and the ice skating rink. For the less ambitious, the game room was fun, and also warmer than the outdoors.

Perhaps there is always something which will go wrong with any planned affair, and our class seems to be the victim of "If anything can go wrong, it will." After a delicious buffet dinner, our day was marred by the fact that the group failed to show up for our dance planned for that evening.

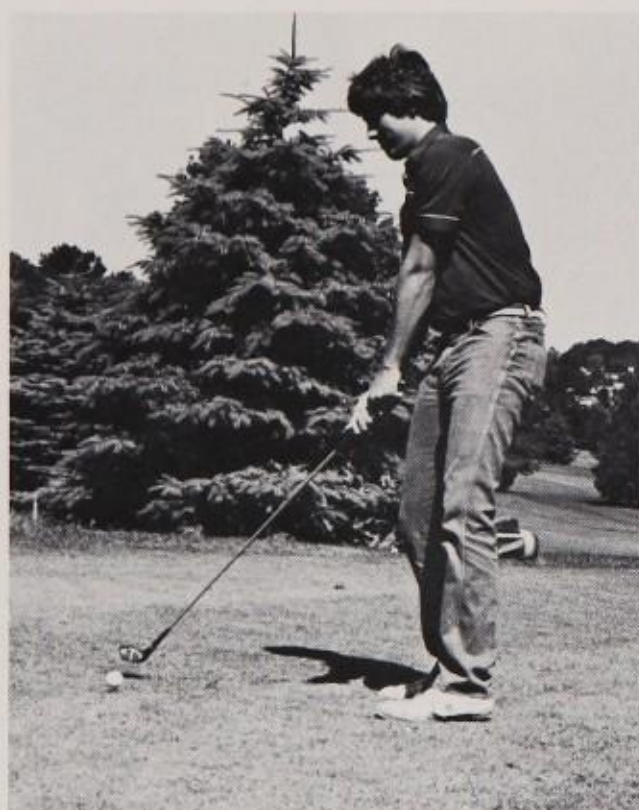

Casting caution to the wind, some hearty seniors braves the chilling breeze for a dip in the pool.

all too fast ...

Clear skies, a warm evening, and the brilliant blue and white colors of our new graduation gowns set the scene for Graduation, '79.

As nervous students listened to the addresses presented by their classmates Gregory Polanski, Karen Williams, and Robert Yavorski, or waited in line to hear their name called, many had time to reflect on the events of the past three years. For many, graduation time arrived with a feeling of excitement and anticipation, as new careers or new surroundings appear on the horizon. For others, a sign of relief must have accompanied the sound of their name — for there were some anxious hours as final grades were computed.

But for all, a certain wave of nostalgia was felt as the choir sang, "Together," and dedicated the song to the Class of '79, who were certainly together for the last time.

As we sung our beloved "Alma Mater," wiped away an uncontrollable tear, and threw our hats high and wide, we tucked away in our hearts treasured memories of our life and time at Nazareth Area Senior High School.

A. Jane Jarrett Retires After A 30-Year Career

Ending the 1978-1979 school year marked not only the end of high school life for the senior class, but also the end of the teaching career of Mrs. A. Jane Jarrett.

Mrs. Jarrett has been a teacher in the Business Education Department for the past 30 years. In addition to teaching typewriting and general business, she has been adviser to the sophomore class, to the Honor Society, and has managed a successful magazine campaign for many years.

After she was graduated from Bloomsburg College, Mrs. Jarrett lived in Mexico for a number of years before returning to this area.

When we asked this sophomore class adviser what the future had in store for her, she replied, "The first six months there is to be no schedule, just time to relax and get my breath. After that period of time, volunteer work for charitable organizations, travel, housework, gardening, taking granddaughters to historical sites, music theaters, museums, and tracing my family roots are all activities planned to keep me busy."

Through the years, Mrs. Jarrett has helped and advised students in any way that she could. She constantly gave of herself and always managed to find time for us. Her hard work and dedication will never be forgotten.

FACULTY

Our versatile faculty is depicted in their favorite pasttime activities. It is amazing to consider the wide variety of interest and talent found among the members of our staff.

DALE HARRISON, teacher in our Social Studies Department, is an avid participant in body building programs. FRANK KRISCH, one of our Driver Education teachers,

enjoys the thrills of his motorcycle travels. He is our girls' basketball coach. ROBERT LICHNER, art instructor, volunteers his talent for many projects around our school and in our community. DOLORES CORRADETTI, our German teacher, enjoys cooking for her Italian husband and caring for their young son.

SHERWOOD FREDERICK, our

super fantastic senior class adviser, puts a great deal of effort in helping the seniors in any way that he can. He is also a member of the Faculty Advisory Committee. Believe it or not, he finds time to teach geometry, analytic geometry, analytic geometry, and trigonometry. Mr. Frederick has complete charge of Commencement ceremonies.

DONALD FREDERICK, teacher in the Business Education Department, is a PIAA basketball official, and divides his time between coaching golf and assisting with the girls' softball team. Senior English instructor JOHN COKEFAIR, has been instrumental in developing the talents of many of our students for our dramatic presentations. Former head football coach JAMES

EVANKO has enjoyed his first year of retirement from the gridiron by following the Lehigh University football team. Our school's librarian, SHARON ADAMS, has turned our library into an attractive, bustling center of activity. Would you believe band practice at 7:00 A.M.? Despite growls of protest from the members of the

band, and irate phone calls from nearby neighbors who dislike being awakened at that early hour of the morning, PHILIP GEORGE, our marching band director, puts the Blue Eagle band through precision paces all during the football season. Our student activities program is successful only because of the dedication of the staff.

FACULTY

No one is busier, more talented, or more versatile than our choral director WILLIAM HAMILTON. Mr. Hamilton not only directs all the choral groups and accompanies them for programs throughout the community, but he also co-produces the ultra-successful All-School musical and finds time to manage the Stage Craft crew. LEONARD BAST, chairman of the

Science Department, teaches all our anatomy and special science classes. Guidance Counselor JAMES JORDON, has helped hundreds of our senior students with selecting their courses here at Nazareth High School and also guides them in choosing a college career or a business or trade occupation. Retiring this school year after serving thirty years in

our high school, A. JANE JARRETT plans to travel and just enjoy her granddaughters. Mrs. Jarrett has been our typewriting and general business instructor. A member of the staff in our Physical Education department, REGINA CHASSARD is our field hockey and girls' softball coach. An avid disco fan, Miss Chassard included a unit of popular dance in her class this year.

Newest member of our staff is JAN DIEHL, career awareness consultant. Miss Diehl's duties include securing employment for our seniors and guiding all students into fields of occupation for which they are most likely to be successful. While skiing is her first love, Miss Diehl is an avid sports fan. INGRID SIMKE, biology teacher, is also an avid sports fan. She loves jogging, hiking, camping, and any

form of outdoor activity. A very popular teacher, Mrs. Simke is always willing to give help and assistance to anyone who asks. We love her smile!

Mathematics teacher EARL PECK not only enjoys playing the sax himself, but is the director of our school's stage band, and presents a Pops Concert every year. DAVID SESTAK has taken our photography department from

infancy and has developed this class into a popular, extremely impressive vocational course. Our sporting events run smoothly and efficiently only because of the hard work and dedication of our Director of Athletics DALE JOHNSON. We wonder how many hours he spends managing our athletic program.

FACULTY

PATRICIA deANGELIS is very busy both before and after school hours. During the early hours of the morning before most of us are awake, our popular English teacher is on the ice skating rink. An avid figure skater and swimmer, she still takes time to stay many hours after the school day to plan and choreograph the dance routines for the school's musical.

GARY THORNE, an enthusiastic health and physical education teacher, fills his time with other kinds of athletic activities,

such as officiating for high school volleyball, softball, and basketball teams. He also sponsors the intramural football, soccer, and racquetball programs. RONALD LEWIS, American Cultures teacher, is our head coach of the fantastic track team. When he is not involved with track, he helps coach and scout for the varsity football team. GARY LAZO, our one and only physics teacher, enjoys listening to music in what spare time he can find. He is interested in collecting stamps and takes most of his time preparing interesting lectures and

presentations for his physics classes. Reading the history of science technology is also fascinating for him.

World Cultures teacher BARRY BOYER, is the successful and well-respected coach of our varsity basketball team. Under his direction, the Nazareth teams have had some spectacular and successful seasons. Mr. Boyer is also an avid golfer, and he somehow manages to turn in a few rounds during the summer.

We can always expect something unusual or different from senior English teacher PETER NEWMAN. His portrayal of "Bottom" from Shakespeare's *Mid Summer Nights Dream*, or his hero worship of Muhammed Ali are all part of his creative and inquisitive personality. A Shakespeare fanatic, he enjoys wearing jeans and listening to music. ROBERT HOLLAND, adviser to our school newspaper the *Blue and White Standard*, is a junior English teacher. He is an assistant

freshman football team. RUTH ANN McCAY, health and physical education teacher, enjoys working with other people. An endless supply of energy, and an interest in her church and family, probably are the reasons for her twinkling eyes and contagious smile. Mrs. McCay is adviser to the cheer-leading squads.

Head coach of the varsity football team JERRY TREON, teaches classes in Algebra, Trigonometry, and

Calculus. Mr. Treon is one of the "guys" who arrives at school at 6:00 a.m. every day and spends an hour or so jogging around the track before school begins. Outspoken American Government teacher DANIEL KEMETER, is coach of the junior varsity basketball team. When he isn't whipping out pictures of his young son, he is usually found arguing a point of policy or politics. Mr. Kemeter enjoys working with tools and building furniture, under the supervision of his wife.

FACULTY

American Government teacher **ROBERT SHAW** enjoys doing just about everything. He enjoys telling stories and jokes to keep his students amused and participates in all kinds of athletic activity. He is substituting this year during the illness of Quentin Zell. **JOHN ROANOKE**, our metal shop instructor, is head coach of our baseball team and also helps coach the varsity football team. One of the hobbies which he enjoys immensely and which keeps him busy all summer is taking care of the

huge vegetable garden which he plants every year. **MARIE VORONKEVICH**, one of our junior English teachers, is as versatile as she is popular with the students. She enjoys being with old friends, watching old movies, going to flea markets and clearance sales, eating crisp red apples, reading old books, the beauty of autumn, and the fine line between fact and fantasy. **JOAN PAUL**, a fluent French teacher, enjoys just being at home after a strenuous day. After she prepares dinner and

washes the dishes, she relaxes by watching television and is constantly amused by the antics of her many cats.

DONNA PANICK, our newly appointed reading coordinator, enjoys travel, sports, making terrariums, and spends a lot of time caring for her plants. She has taken charge of the tutoring program for both the junior and senior high school students. Ms. Panick thoroughly enjoyed her first year at our senior high school.

NEIL SHOOK, American Cultures teacher, never enjoys his summer vacation, since he owns and operates the popular "Hartman's Two" restaurant. Since summertime is ice cream time, Mr. Shook has to spend most of his time dipping the famous homemade ice cream to all his customers. NICHOLAS DROSNOCK, Driver Education teacher, is an assistant coach to the boys' varsity basketball team. He thoroughly enjoys hunting and fishing, when he can find the time. He is also a faithful jogger.

School nurse MARION WHITESELL is kept busy during the school day with the many illnesses that the students seem to contact. When she is not tending to our health needs, she enjoys bowling, camping, and the outdoors.

Chairperson of the Social Studies Department MIRIAM ZELL, teaches American Cultures. In her spare time she likes to embroider, care for her garden, and read.

Wrestling at Nazareth Area Senior

High School means Mr. RAYMOND NUNAMAKER, teacher in the health and physical education department. One of the most successful coaches in the Lehigh Valley, Mr. Nunamaker has gained the respect and admiration of every wrestler he has coached because of his concern for the boys, his fairness, and his dedication to the sport. VICTOR LESKY, industrial arts teacher, will never forget this year, which he spent as an intern working with Mr. Price.

FACULTY

Any business office or school system is successful, to a large degree, in direct proportion to the dedication and precise work of the people involved in the duties of the office force. Here at Nazareth we have been gratefully blessed with secretaries and clerks of the highest caliber. JOYCE FLOWERS, our clerk in the guidance office, always greets any request with a smile and graciously processes our requests for just "one more transcript." Secretary to our principals, LAURA

HARDING, is the backbone of our administrative office. Mrs. Harding is the source of information to all details and processes by which our school operates. Perhaps one of the greatest responsibilities of our guidance counselor MARLYN ROTH is to be sure every student has the preparation in his sophomore or junior year to meet requirements for graduation. New requirements adopted this year will make this task even more important. Two new fine faces in the main

office this year belong to NANCY BIGGAR and LORETTA KELLER. Many mornings during the winter months, Mrs. Biggar comes into the office in a partially frozen state, after spending chilly hours supervising the traffic in the parking lot. Taking over the mountains of detailed work in a high school office is overwhelming, but LORETTA KELLER, with a smile and a cheerful disposition, kept everything running smoothly.

Students going on to college have appreciated the background and skills which BARBARA SALTERN has demanded in her chemistry instruction. A person with many talents and interests, Mrs. Saltern always puts the best interests of her students before everything else, and the results are gratifying. When CATHERINE KUNKLE isn't busy planning and preparing for her classes in Home Economics here at school, she is busy carrying on her vocation at home, caring for

her young son, going cross-country skiing whenever time permits, and doing needlework and creative crafts. Chairman of the Business Education Department, BELVA KOL-ESSAR is the adviser to our high school yearbook. Planetarium director FRANCIS FRIEDHOFF, prepares interesting shows in our modern, well-equipped studio. Mr. Friedhoff, a multi-talented individual, spends out-of-school time repairing and remodeling his home. EVELYN KILPATRICK, teacher in the

business education department, is also one of many talents. Her interest in handbell ringing has enabled many children and adults to learn to play these interesting and unique musical instruments. To love ANDREA KADAR NEWMAN is to love her cats. Brandy and Muffin are almost as familiar to us as our friends. The fact that Mrs. Newman's classes are so popular is certainly an indication of the fine program she offers.

ADMINISTRATORS

Industrial Arts instructor VICTOR LESKY has had an interesting and challenging year, to say the least. In an effort to fulfill the requirements for secondary principal's certification, he has served an internship in the office of our vice principal. Although this position allowed him no free time, and added hours to his school day, Mr. Lesky admits that the experience was rewarding and at the same time frustrating. He will miss the experience of being involved in the student life when he returns to the classroom.

Principal of our Senior High School CLAUDE E. SHAPPELLE, JR. is the proud owner of the 1931 Ford Town Sedan, which he personally restored to its present fine condition. Serving his second year as our principal, Mr. Shappelle had the gigantic task of planning and preparing for the visit of the Middle States Evaluating Committee in October. Constant supervision of the staff, reviewing and revising the curriculum, and re-evaluating and recommending new school policy and practice are all part of Mr. Shappelle's duties.

Vice Principal of our Senior High School DAVID PRICE has the tremendous responsibility of supervising and directing student discipline in addition to assisting our principal in all of his duties. An avid golfer, with interests in hunting, fishing, and just about every other sport, Mr. Price spends hours of every day in conference with students and parents. While the job must be frustrating, there are many rewarding and enjoyable aspects. The opportunity to work with our students and help students understand our problems is in itself compensating.

BOARD OF EDUCATION

NAZARETH AREA SCHOOL DISTRICT BOARD OF EDUCATION-**SEATED:** Elmo L. Frey, Jr., President William C. Broad, Vice President Palmer C. Lindenmoyer, Solicitor Walter Peters. **STANDING:** Treasurer Vincent C. Paukovitch, Secretary Wilfred J. Sheetz, Arno L. Moeller, Jeffrey C. Hahn, Richard S. Hunt, Raymond E. Reinert, and Superintendent of Schools Herbert F. Cobley. Director Gail Schultz is missing from the picture.

Throughout the years, our school district's policies, activities, and organization have been directed with insight and efficiency by our Board of Education. These dedicated people make the decisions and set the policies which insure every student in the Nazareth Area

School District a quality education.

With today's high rising inflation, this astute group of concerned educators constantly deal with change in the economy to maintain a stable budget without sacrificing any part

of the district's program of education. Clearly, this is not an easy task.

The parents and students of the Nazareth Area are deeply indebted to the work which is done by this group of people.

FACULTY

Library Aide SALLY SHRIVER, an ardent sports car racing fan, left early in the year to accept a position at the Easton Library. Her cheery rapport with the student body has been missed. Assistant to the librarian, ROSEANN EMIG, makes use of every spare minute of her time creating new patterns in many areas of needlework and becoming involved in some projects with one or the other of her two children.

Replacing Ms. Shriver as library aide is MRS. JANET GUM, whose interests and hobbies change with the seasons. Mrs. Gum enjoys horseback riding, especially in the Fall, swimming during the summer months, and reading and needlework during the long winter months.

How could our school and especially our athletic program ever function without the services of BIFF STANNARD? Every athlete has at one time or another had to seek the

skilled hands of Biff to tape an injured wrist or bandage blistering feet. Clean uniforms and well-maintained equipment are all the result of Biff's dedication to his job. Multi-talented ALAN MILLER can literally do just about anything. A musician in his own right, he can assist with the band and has helped plan the field routines many times. He has lately been in charge of the audio-visual materials and has taught classes in Dramatic Arts.

EYE

IS ON

US

ALWAYS

EAGLE

THE

ALWAYS

ALWAYS !

In our last year of school we have gained many new experiences. The good times have been very, very bright and some bad times have been very, very dismal. But as we move on, each of us carries with us a part of the eagle. Many leave with books in their arms. Others go with marriage in mind and some eagles fly away with safety pins in their beaks, but we are all the eagle. As we clean up our year's memories and recall those times which were so special, we can know that the eagle eye is on us . . . always!
